Washington, Tuesday, October 6, 1953

# TITLE 3—THE PRESIDENT PROCLAMATION 3034

IMPOSING IMPORT FEES ON SHELLED AND PREPARED ALLIONDS

BY THE PRESIDENT OF THE UNITED STATES
OF AMERICA

A PROCLAMATION

1. WHEREAS, pursuant to section 22 of the Agricultural Adjustment Act, as added by section 31 of the act of August 24, 1935, 49 Stat. 773, reenacted by section 1 of the act of June 3, 1937, 50 Stat. 246, and amended by section 3 of the act of July 3, 1948, 62 Stat. 1248, and section 3 of the act of June 28, 1950, 64 Stat. 261 (7 U. S. C. 624) on April 13, 1950, the President caused the United States Tariff Commission to make an investigation to determine whether almonds, filberts, walnuts, Brazil nuts, or cashews are being or are practically certain to be imported into the United States under such conditions and in such quantities as to render or tend to render meffective, or materially interfere with, certain programs undertaken by the Department of Agriculture with respect to almonds, pecans, filberts, or walnuts, or to reduce substantially the amount of any product processed in the United States from almonds, pecans, filberts, or walnuts with respect to which any such program is being undertaken; and

2. WHEREAS the said Commission instituted such an investigation on April 13, 1950, which it has been conducting since that date on a continuing basis and in the course of which it has from time to time reported to the President regarding the need for the imposition of restrictions pursuant to the said section 22 in order to prevent imports of almonds, filberts, walnuts, Brazil nuts, or cashews from rendering ineffective, or materially interfering with, the said programs, or from reducing substantially the amount of any product processed in the United States from almonds, pecans, filberts, or walnuts with respect to which any such program is being undertaken; and

3. WHEREAS import fees on shelled almonds and blanched, roasted, or otherwise prepared or preserved almonds (not including almond paste) imposed pursuant to the President's proclamation of September 27, 1952 (Proclamation 2991,

17 F. B. 8645) which proclamation was issued under the authority of the said section 22, will cease to apply to such articles entered, or withdrawn from warehouse, for consumption after September 30, 1953; and

4. WHEREAS further in the course of the said investigation, on September 21, 1953, the said Commission reported to me its findings regarding the need for import restrictions under the said section 22 on almonds, filberts, walnuts, Brazil nuts, and cashews after September 30, 1953; and

5. WHEREAS, on the basis of such report of September 21, 1953, I find that shelled almonds, and blanched, roasted, or otherwise prepared or preserved almonds (not including almond paste) are practically certain to be imported into the United States during the period October 1, 1953 to September 30, 1954, both dates inclusive, under such conditions and in such quantities as to render or tend to render ineffective, or materially interfere with the program undertaken by the Department of Agriculture with respect to almonds pursuant to the Agricultural Marketing Agreement Act of 1937, as amended, which program will be in operation during such period; and 6. WHEREAS I find and declare that

6. WHEREAS I find and declare that the imposition of the import fees here-mafter proclaimed is shown by such investigation of the Commission to be necessary in order that the entry of almonds described in the fifth recital of this proclamation will not render or tend to render ineffective, or materially interfere with, the said program undertaken by the Department of Agriculture:

NOW THEREFORE, I, DWIGHT D EISENHOWER, President of the United States of America, acting under and by virtue of the authority vested in me by the said section 22 of the Agricultura Adjustment Act, as amended, do hereb proclaim that a fee of 5 cents per pound but not more than 50 per centum ac valorem, shall be imposed upon shelled almonds and blanched, roasted, or other wise prepared or preserved almonds (no including almond paste) entered, o withdrawn from warehouse, for consumption during the period October 1 1953 to September 30, 1954, both dates inclusive, until an aggregate quantity of

#### TITLE 7-AGRICULTURE

Chapter III—Bureau of Entomology and Plant Quarantine, Department of Agriculture

PART 301-DOMESTIC QUARANTINE NOTICES

SUBPART-JAPANESE BEETLE 1

EXTENSION OF REGULATED AREAS

On August 12, 1953, there was published in the Federal Register (13 F. R. 4765) a notice of proposed rule making concerning an amendment of § 301.48-2 of the regulations supplemental to the Japanese beetle quarantine (7 CFR Supp. 301.48-2) After due consideration of relevant matters presented and pursuant to sections 8 and 9 of the Plant Quarantine Act of 1912, as amended (7 U. S. C. 161, 162) and section 3 of the Insect Pest Act of 1905 (7 U. S. C. 143) the Secretary of Agriculture hereby amends § 301.48-2 to read as follows:

§ 301.48-2 Regulated areas. The following States, District, counties, townships, cities, towns, villages, and magisterial districts are hereby designated as regulated areas:

Connecticut. The entire State. Delaware. The entire State.

District of Columbia. The entire District.

Maine. County of York; towns of Auburn and Lewiston, in Androscoggin County; towns of Cape Elizabeth, Gorham, Gray, New Gloucester, Raymond, Scarboro, and Standish, and cities of Portland, South Portland, Westbrook, and Windham, in Cumberland County; city of Waterville, in Kennebec County; and city of Brewer, in Penobscot County.

Maryland. The entire State.

Massachusetts. The entire State.

New Hampshire. Counties of Belknap,
Chechire. Hillsboro, Merrimack, Rockingham,

Strafford, and Sullivan; towns of Brookfield, Eaton, Effingham, Freedom, Madicon, Moultonboro, Ossipee, Sandwich, Tamworth, Tuftonboro, Wakefield, and Wolfeboro, in Carroll County; towns of Alexandria, Ashland, Bridgewater, Bristol, Canaan, Dorchester, Enfield, Grafton, Groton, Hanover, Hebron, Holdernecs, Lebanon, Lyme, Orange, and Plymouth, in Grafton Caunty

And Plymouth, in Grafton County.

New Jersey. The entire State.

New York. Counties of Albany, Bronx, Broome, Cayuga, Chemung, Chenango, Columbia, Cortiand, Delaware, Dutchess, Fulton, Greene, Kings, Madison, Monroe, Montgomery, Nassau, New York, Oneida, Onondaga, Orange, Otsego, Putnam, Queens, Rensselaer, Richmond, Rockland, Saratoga, Schenectady, Schoharle, Schuyler, Seneca, Suffolk, Sullivan, Tioga, Tompkins, Ulster, Warren, Washington, and Westchester; towns of Red House and Salamanca, in Cattaraugus County; towns of Amherst, Checktowaga, and Tonowanda, and cities of Buffalo and Lackawanna, in Eric County; towns of Columbia, Danube, Falifield, Frankfort, German Flats, Herkimer, Litchfield, Little Falls, Manheim, Newport, Sallsbury, Schuyler, Stark, Warren, and Winfield, and city of Little Falls, in Herkimer County; town of Watertown and city of Watertown, in Jefferon County; town of Mount Morris, in Livingston County; towns of Granby, Hannibal, Mexico, Minetto, New Haven, Oswego, Palermo, Schroeppel, Scriba, and Volney, and cities of Fulton and Oswego, in Oswego County; towns of Caton, Corning, Erwin, Hornby, and Hornellsville, and cities of Corning and Hornell, in Steuben County.

North Garolina. Counties of Beaufort, Bertle, Buncombe, Cabarrus, Camden, Carteret, Chowan, Craven, Cumberland, Currituck, Dare, Davidson, Duplin, Edgecombe, Forsyth, Gates, Greene, Guliford, Halifax, Harnett, Henderson, Hertford, Hyde, Johnston, Jones, Lenoir, Martin, McDowell, Mccklenburg, Nash, New Hanover, Northampton, Onslow, Pamileo, Pacquotank, Fender, Perquimans, Pitt, Polk, Randolph, Rowan, Sampson, Transplyania, Tyrrell, Washington, Wayne, and Wilcon; township of Beaver Dam and city of Canton in Haywood County.

Ohio. Counties of Ashtabula, Belmont, Carroll, Columbiana, Cuyahoga, Geauga, Guernsey, Harrison, Jefferon, Lake, Mahoning, Medina, Portage, Stark, Summit. Trumbull, Tuscarawas, and Wayne; township of Troy in Athens County; townships of Lafayette, Linton, Oxford, and Tuscarawas, and city of Coshocton, in Coshocton County; township of Marion, city of Columbus and villages of Bexley, Grandview, Grandview Heights, Hanford, Marble Cliff, and Upper Arlington, in Franklin County; townships of Addison, Cheshire, Clay, Gallipolis, Green, and Harrison, and the city of Gallipolis, in Gallia County; townships of Prairle, in Holmes County; townships of Hanover, Madison, and Newark and city of Newark, in Licking County; city of Toledo and townships of Washington, in Lucas County; townships of Washington, in Lucas County; townships of Lebanon, Letart, Olive, Sallsbury, and Sutton, and the cities of Middleport and Pomeroy, in Meigs County; townships of Benton, Jackson, Lee, Ohio, Salem, and Switzerland, in Monroe County; townships of Adams, Cass, Falls, Hopewell, Highland, Jackson, Jefferson, Licking, Madison, Monroe, Mushingum, Perry, Salem, Union, and Washington, in Muskingum County; townships of Jefferson and Elk, in Noble County; township of Madison and city of Mansfield, in Richland County; townships of Adams, Aurelius, Barlow, Belpre, Dunham, Fearing,

Grandview, Independence, Lawrence, Liberty, Ludiov, Muckingum, Newport, Salem, Warren, and Watertown, and city and town of Marietta, in Washington County.

Marietta, in Washington County.

Pennsylvania. The entire State.

Rhode Island. The entire State.

Verment. Counties of Bennington, Eutland, Windham, and Windsor; and town of Burlington, in Chittenden County.

Virginia. Counties of Accomac, Alleghany,

Virginia. Countles of Accomac, Alleghany, Amella, Amherst, Arlington, Bedford, Brunswick, Caroline, Charles City, Checterfield, Clarke, Culpeper, Cumberland, Dinwiddie, Elizabeth City, Eccex, Fairfax, Fauquier, Fluvanna, Prederick, Gloucester, Goschland, Greene, Greensville, Hanover, Henrico, Henry, Iele of Wight, James City, King and Queen, King Gaerge, King William, Lancaster, Loudoun, Louica, Lunenburg, Madison, Mathews, Middlecex, Nancemond, Nelson, New Kent, Norfolk, Northampton, Northumberland, Nottaway, Orange, Page, Powhatan, Princes Anne, Pulacki, Rappahannock, Richmond, Roanoke, Shenandoah, Southampton, Spotsywania, Stafford, Surry, Succex, Warren, Warwek, Westmorcland, Wythe, and York; magisterial districts of Charlottesville, Ivy, Rivanna, and Scottsville, in Albemarle County; magisterial district of Amsterdam, in Botetourt County; magisterial district of Glade Spring and Holston, in Wachington County; and cities of Alexandria, Charlottesville, Ciliton Forge, Danville, Fredericksburg, Hampton, Hopewell, Lynchurg, Martinsville, Newport News, Norfolk, Petersburg, Portsmouth, Radford, Richmond, Roanoke, South Norfolk, Suffolk, Williamchurg, and Winchester.

West Virginia. Counties of Barbour, Berkeley, Braxton, Brooke, Daddridge, Hampton,

West Virginia. Counties of Barbour, Berkeley, Braxton, Brooke, Doddridge, Hampshire, Hancock, Harrison, Jefferson, Lewis, Marlon, Marchall, Mineral, Monongalia, Morgan, Ohlo, Pleacante, Freston, Ritchle, Taylor, Tucker, Tyler, Upchur, Wetzel, and Wirt; Tucker, Tyler, Upchur, Wetzel, and Wirt; Tucker, Tyler, Upchur, Wetzel, and Wirt; Tucker, Tyler, Upchur, Wetzel, and Tucker, Tyler, Upchur, Wetzel, and Tucker, Tyler, in Greenbrier County; magisterial districts of Charleston, and town of South Charleston, in Kanawha County; city of Princeton, in Mercer County; magisterial district of Wolf Creek, in Monroe County; magisterial district of Leadwille and New Interest, in Randolph County; city of Hinton and magisterial districts of Greenbrier and Talcott, in Summers County; magisterial district of Fort Lick in Webster County; cities of Parkersburg and Williamstown and magisterial districts of Clay, Lubeck, Parkersburg; Slate, Tygard, Union, Walker, and Williams, in Wood County.

This amenament shall be effective October 6, 1953.

This amendment adds additional territory to the regulated areas in North Carolina, Ohio, and Pennsylvania. Prompt action is necessary with respect to the newly regulated areas in order to control the movement therefrom of articles that might spread the Javanese beetle. Therefore, good cause is found, in accordance with section 4 (c) of the Administrative Procedure Act (5 U.S. C. 1003 (c)) for making the foregoing amendment effective less than 20 days after its publication in the Federal Register.

(Seco. 1, 3, 33 Stat. 1263, 1270, sec. 9, 37 Stat. 318; 7 U. S. C. 141, 143, 162. Interprets or

for articles when contaminated.

301.52-12 Authorization of alternate treatment. 301.52-13 General certification, marking

and labeling provisions.

301.52-14 Shipments for scientific purposes.

AUTHORITY: §§ 301.52 to 301.52-14 issued under secs. 1, 3, 33 Stat. 1269, 1270, sec. 9, 37 Stat. 318; 7 U. S. C. 141, 143, 162. Interpret or apply sec. 8, 37 Stat. 318, as amended; 7 U. S. C. 161.

§ 301.52 Notice of quarantine. Under the authority conferred by section 8 of the Plant Quarantine Act of August 20, 1912, as amended (7 U.S. C. 161) and after public hearings as required thereunder, the Secretary of Agriculture has quarantined the States of Arızona, Louisiana, New Mexico, Oklahoma, and Texas, to prevent the spread of the pink bollworm, and under authority contained in said Plant Quarantine Act (7 U. S. C. 151 et seq.) and in the Insect Pest Act of March 3, 1905 (7 U.S.C. 141 et seq.) the Secretary of Agriculture hereinafter prescribes regulations governing the movement of pink bollworms and carriers thereof. Hereafter (a) okra and kenaf, including all parts of the plants; (b) cotton and wild cotton,

including all parts of both cotton and wild cotton plants, seed cotton, cotton lint, linters, lint waste products derived from the milling of cottonseed, nonlint oil mill trash, gin waste, gin trash, and all other forms of unmanufactured cotton fiber, cottonseed, cottonseed hulls, cottonseed cake, and cottonseed meal, (c) bagging and other containers and wrappers for cotton and cotton products; (d) railway cars, boats, and other means of transportation which have been used in conveying regulated cotton or cotton products or which are fouled therewith; and (e) when contaminated with live pink bollworms or regulated cotton or cotton products, any commodities, including farm products, farm household goods, and farm equipment; shall not be shipped, offered for shipment to a common carrier, received for transportation or transported by a common carrier, or carried, transported, moved, or allowed to be moved by any person from any of said quarantined States into or through any other State or Territory or District of the United States in manner or method or under conditions other than those prescribed in the regulations hereinafter made and amendments thereto: Provided, That the requirements of this quarantine and of the rules and regulations supplemental hereto are hereby limited to the areas in a quarantined State which are now, or which may hereafter be designated by the Secretary of Agriculture as regulated areas, as long as, in the judgment of the Secretary of Agriculture. the enforcement of the said rules and regulations as to such regulated areas shall be adequate to prevent the spread of the pink bollworm, except that such limitation is further conditioned upon the affected State or States providing for and enforcing control of the intrastate movement of the regulated articles under the same conditions as those which apply to their interstate movement under the provisions of the currently existing Federal quarantine regulations, and upon their enforcing such control and sanitation measures with respect to such areas or portions thereof as, in the judgment of the Secretary of Agriculture, shall be deemed adequate to prevent the intrastate spread therefrom of the said insect infestation: Provided further That whenever the Chief of the Bureau of Entomology and Plant Quarantine shall find that facts exist as to pest risk involved in the movement of one or more of the articles to which the regulations supplemental hereto apply, making it safe to modify, by making less stringent, the requirements contained in any such regulations, he shall set forth and publish such finding in administrative instructions, specifying the manner in which the applicable regulations should be made less stringent, whereupon such modification shall become effective, for such period and for such regulated area or portion thereof or for such article or articles as shall be specified in said administrative instructions.

#### REGULATIONS

§ 301.52-1 Definitions. For the purposes of the regulations in this subpart

the following words, names, and terms shall be construed respectively to mean:

(a) Pink bollworm. The insect known as the pink bollworm of cotton (Pectinophora gossypiella Saund.), in any stage of development.

(b) Cotton. All parts of cotton and wild cotton plants of the genera Gossypium and Thurberia, except cotton products.

(c) Cotton products. Seed cotton, cotton lint, linters, oil mill waste, non-lint oil mill trash, gin waste, gin trash, all other forms of unmanufactured cotton fiber, cottonseed, cottonseed hulls, cottonseed cake, and cottonseed meal.

(d) Seed cotton. All forms of cotton lint from which the seed has not been separated.

(e) Lint. All forms of raw glinned cotton except linters and waste.

(f) Linters. All forms of unmanufactured cotton fiber separated from cottonseed after the lint has been removed, other than waste.

(g) Gin waste. All forms of unmanufactured waste cotton fiber (including gin motes) resulting from the ginning of seed cotton.

(h) Oit mill waste. Lint waste products derived from the milling of cottonseed.

(i) Gin trash. All of the material produced during the cleaning and ginning of seed cotton, bollies or snapped cotton except the lint, cottonseed, and gin waste.

(j) Okra (Hibiscus esculentus) All parts of okra plants, including seeds and edible and dry pods.

(k) Kenaf (Hibiscus cannabinus L.) All parts of kenaf plants, including seeds and pods.

(1) Restricted articles. Products and articles that may move under the restrictions in this subpart.
 (m) Approved. Officially sanctioned

(m) Approved. Officially sanctioned by the Chief of the Bureau of Entomology and Plant Quarantine.

(n) Certificate. An approved document issued by an inspector evidencing the apparent freedom of restricted articles from the pink bollworm.

(o) Limited permit. An approved document issued by an inspector to allow movement of noncertified, restricted articles to or from authorized and designated gins, oil mills, or processing or manufacturing plants.

(p) Dealer-carrier permit. An approved document issued to persons engaged in ginning, manufacturing, processing, or handling restricted articles for subsequent movement from regulated areas, or to persons moving restricted articles from regulated areas.

(q) Infestation (infested) The presence of the pink bollworm. ("Infested" shall be construed accordingly.)

(r) Moved (movement and move) Shipped, offered for shipment to a common carrier, received for transportation or transported by a common carrier, or carried, transported, moved, or allowed to be moved by any person from any regulated area in any State into or through any other State, Territory, or District of the United States. ("Movement" and "move" shall be construed accordingly.)

- (s) Chief of the Bureau. The Chief of the Bureau of Entomology and Plant Quarantine.
- (t) Inspector. An inspector of the United States Department Agriculture.
- (u) First heat treatment. An initial treatment of cottonseed at an approved gin whereby the cottonseed is heated to a temperature of 150° F for a minimum period of 30 seconds as a part of the continuous process of ginning, under the supervision of an inspector, and subsequently protected from contamination.
- (v) Alternate treatment. A treatment applied under the observation of an inspector in accordance with methods selected by him from administratively authorized procedures known to be effective under the conditions applied.
- § 301.52-2 Regulated areas. The following areas are hereby designated as regulated areas within the meaning of the regulations in this subpart and are further classed as heavily or lightly infested.

#### (a) Heavily infested areas.

Texas. Counties of Aransas, Atascosa, Bee, Brewster, Brooks, Calhoun, Cameron, De Witt, Dimmit, Duval, Frio, Goliad, Gonzales, Hidalgo, Jackson, Jeff Davis, Jim Hogg, Jim Wells, Karnes, Kenedy, Kinney, Kleberg, La Salle, Lavaca, Live Oak, Maverick, McMullen, Medina, Nueces, Pecos, Presidio, Reeves, Refugio, San Patricio, Starr, Terrell, Uvalde, Val Verde, Victoria, Ward, Webb, Willacy, Wilson, Zapata, and Zavala.

#### (b) Lightly infested areas.

Arizona. Counties of Cochise, Graham, Greenlee, and Santa Cruz, and all of Pima County except that portion lying west of the west line of Range 9 East.

Louisiana. Parishes of Acadia, Allen, Beauregard, Bossier, Caddo, Calcasieu, Cameron, De Soto, Evangeline, Iberia, Jefferson Davis, Lafayette, Natchitoches, Red River, Sabine, St. Landry, St. Martin, Vermilion, and Vernon.

New Mexico. Counties of Catron, Chaves, Curry, De Baca, Dona Ana, Eddy, Grant,

Hidalgo, Lea, Luna, Otero, Quay, Roosevelt, Sierra, Socorro, and Valencia.

Oklahoma. Counties of Beckham, Caddo, Canadian, Cleveland, Comanche, Cotton, Custer, Garvin, Grady, Greer, Harmon, Custer, Garvin, Grady, Greer, Harmon, Hughes, Jackson, Jefferson, Kiowa, Love, McClain, Oklahoma, Stephens, Tillman, and Washita.

Texas. The entire State except the counties of Armstrong, Carson, Dallam, Hansford, Hartley, Hemphili, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Potter, Randall, Roberts, and Sherman, and those counties in the heavily infested areas.

§ 301.52-3. Articles the movement of which is prohibited. Except as provided in § 301.52-14, the Insect Pest Act prohibits the removal of live pink bollworms from any State or Territory or the District of Columbia to any other State or Territory or the District of Columbia. The movement of seed cotton, lint, linters, oil mill waste, gin waste, grabbots, cottonseed, cottonseed hulls, cottonseed cake, cottonseed meal, okra, and kenaf, except as provided in this subpart, is prohibited. Except as provided in § 301.52-14, the movement of nonlint oil mill trash, gin trash, all other forms of unmanufactured cotton fiber, and cotton is prohibited. The movement of bagging and other containers or wrappers

for cotton or cotton products, and railway cars, boats and other means of transportation, and any other commedities, covered by § 301.52, contrary to any applicable restrictions imposed in this subpart is prohibited, but the movement otherwise of such containers or wrappers, means of transportation, and commodities is authorized.

§ 301.52-4 Unrestricted movement of certain restricted articles. No restrictions are imposed upon the movement from a lightly infested area to a contiguous lightly or heavily infested area, of lint and linters, either baled or unbaled; cottonseed produced in lightly infested area and given approved treatment; cottonseed hulls, cake, and meal; and okra and kenaf; or upon the movement from a regulated area to regulated or nonregulated areas of samples of lint and linters, weighing approximately 11/2 pounds; provided that the bales of lint or linters from which the samples have been taken have been produced in an approved gin or dil mill and subsequently protected from contamination.

§ 301.52-5 Articles restricted movement and certain conditions governing such movement from the heavily infested areas—(a) Baled lint and linters. Baled lint and baled linters produced in a heavily infested area, or imported thereinto from the contiguous areas of Mexico in accordance with the provisions in §§ 319.8, 319.8-1 et seq. of this chapter may be moved from the heavily infested area (or from any other area to which they are moved for treatment under this section) to any lightly infested area or to a nonregulated area if they meet the following conditions applicable and are cov-

ered by a certificate.

(1) When baled lint has been produced in an approved gin and has been given any one of the following treatments under the supervision of an inspector and subsequently protected from contamination: (i) Given standard or equivalent compression; (ii) given approved fumigation; or (iii) passed in bat form between approved heavy steel rollers set not more than 1/14 inch apart. Baled lint so produced may be moved under a limited permit to an approved plant in any contiguous lightly infested area for such compression or may be given any of the specified treatments at an approved plant within a heavily infested area. Baled lint meeting the treatment requirements of this subdivision may be certified.

(2) When baled linters have been produced from cottonseed that has received a first heat treatment or an alternate treatment in an approved plant, and have been subsequently protected from contamination. Such linters may be

(b) Baled gin waste. Baled gin waste produced in a heavily infested area or imported thereinto from the contiguous areas of Mexico in accordance with the provisions in §§ 319.8, 319.8-1 et seq. of this chapter, may be moved from the heavily infested area to any lightly infested area or to a nonregulated area under a certificate which may be issued when such gin waste has been produced at an approved gin, has been subsequently protected from contamination, and has been given approved fumigation within a heavily infested area.

(c) Cottonseed and rehicles moving cottonseed. (1) Cottonseed produced in a heavily infested area, or imported thereinto from the contiguous areas of Mexico in accordance with the provisions in §§ 319.8, 319.8-1 et seq. of this chapter may be moved from the heavily mfested area (or from any other area to which it is moved for treatment under this section) as specified below, when the cottonseed meets the following conditions applicable and is covered by a certificate or limited permit.

(i) Cottonseed for processing that has been given a first heat treatment may be moved without further treatment under limited permit to designated oil mills in any lightly infected area other than those in Arizona and Louisiana: Provided, That unginned grabbots from such designated mills will be allowed movement only after they have been

given an approved fumigation.

(ii) Cottonseed that has been given a first heat treatment may be moved to any lightly infested area in Arizona and Louisiana or to a nonregulated area under a certificate which may be used after the cottonseed has had a second heat treatment at 150° P. for 30 seconds or after approved fumigation, the second heat treatment or fumigation to be given at designated plants in the regulated areas of Texas, New Mexico, or Ohlahoma or in nonregulated areas contiguous to the regulated areas in Oklahoma. For purposes of such second heat treatment or fumigation, cottonseed that has been given a first heat treatment may be moved under subdivision (i) of this subparagraph or may be moved under limited permit to the designated plants in the nonregulated areas specified.

(iii) Cottonseed for planting that has been given a first heat treatment may be moved to any lightly infested area or to a nonregulated area under a certificate which may be issued after the cottonseed has been given an approved second treatment either within a heavily infested area or immediately upon arrival within a lightly infested area of Texas.

(2) The cars or other vehicles moving any cottonseed subject to subparagraph (1) of this paragraph to designated oil mills or other treating plants for processing or second treatment upon arrival must be cleaned or treated, under the supervision of an inspector, immediately after unloading.

(d) Cottonszed hulls, cake and meal, and oil mill waste. Cottonseed hulls, cottonseed cake, cottonseed meal, and oil mill waste, produced from cottonseed that has been given a first heat treatment, may be moved from a heavily infested area to any lightly infested area or to a nonregulated area under a certificate if these products have been procexed in an approved oil mill in a heavily infested area under the supervision of an inspector, and subsequently protected from contamination.

(e) Okra or kenaf. Okra or kenaf may be moved from a heavily infested

area to any lightly infested area or to a nonregulated area under a certificate which may be issued if it meets any one of the following conditions: (1) When inspected by an inspector and found free from infestation, (2) when produced under such conditions as in the judgment of the inspector render it free from infestation, or (3) when processed or treated under the observation of an inspector in accordance with methods selected by him from administratively authorized procedures known to be effective under the conditions applied.

(f) Seed cotton. Seed cotton may be moved from a heavily infested area to any lightly infested area or to a nonregulated area only for scientific purposes under § 301.52-14.

§ 301.52-6 Articles restricted movement and certain conditions governing such movement from lightly infested areas—(a) Baled lint and linters. (1) Baled lint and baled linters produced in any lightly infested area may be moved therefrom (or from any other area to which they are moved for treatment under this section) to any noncontiguous regulated area or to a nonregulated area when such lint and linters meet the following conditions applicable and are covered by a certificate or limited permit:

(i) When baled lint has been produced in an approved gin in a lightly infested area and has been given any of the following treatments under the supervision of an inspector and subsequently profrom contamination: tected Given standard or equivalent compression; given approved fumigation; or passed in bat form between approved heavy steel rollers set not more than 1/4 inch apart. For the purposes of such compression baled lint so produced may be moved to an approved plant in any noncontiguous regulated area, without limited permit or certificate, or under a limited permit to an approved plant in any nonregulated area contiguous to the regulated areas, or under § 301.52-4 to plants in contiguous regulated areas. Baled lint meeting the treatment requirements of this subdivision may be certified.

(ii) When baled linters have been produced from treated seed in an approved oil mill in a lightly infested area and subsequently protected from contamina-Such linters may be certified.

(iii) When baled linters have been produced at an approved plant in a lightly infested area from untreated cottonseed, have been subsequently protected from contamination, and are to be moved to approved cellulose plants for immediate processing therein. A limited permit may be issued to cover such movement.

(iv) When baled linters have been produced at an approved plant in a lightly infested area from untreated cottonseed, have been given standard or equivalent compression or approved fumigation, and have been subsequently protected from contamination. Such linters may be certified.

(2) The requirement of certificates or permits covering rail shipments of baled lint from seaports in the lightly infested

areas where lint is primarily concentrated for export may be waived by the inspector when the railroad waybills covering such shipments contain a statement, authenticated by a responsible official of the railroad concerned, to the effect that such lint has been given standard or equivalent compression.

(b) Baled gin waste. Baled gin waste may be moved from any lightly infested area (or from any other area to which it is moved for treatment under this section) to any other regulated area, or to a non-regulated area, under a certificate which may be issued when such gin waste has been produced at an approved gin in the lightly infested area, has been subsequently protected from contamination, and has been given approved fumigation within the regulated areas. Uncertified baled gin waste may be moved under limited permit from any lightly infested area to any other lightly infested area except those in Arizona or Louisiana, or to a heavily infested area, for fumigation or processing at an approved' plant.

(c) Cottonseed. Cottonseed produced in a lightly infested area or imported thereinto from the contiguous areas of Mexico in accordance with the provisions in §§ 319.8, 319.8-1 et seq. of this chapter. may be moved from such area as specified below, when the cottonseed meets the following conditions applicable and is covered by a certificate or limited permit:

(1) Cottonseed produced in any county in any lightly infested area in which the gins are not required to treat cottonseed as a part of the continuous process of ginning may be moved under limited permit to approved oil mills or other approved treating plants either m contiguous lightly infested areas or in nonregulated areas contiguous to the lightly infested area for heat treatment at 150° F for 30 seconds or for approved fumigation upon arrival at such plants. Such treated seed is then eligible for certification and movement under certificate to any regulated areas or to nonregulated areas.

(2) Cottonseed produced ın anv county in any lightly infested area in which the gins have gin heating equipment 1 may be moved to nonregulated areas and other destinations to which unrestricted movement is not allowed by § 301.52-4, under a certificate which may be issued after such cottonseed has received a first heat treatment within the lightly infested area. Cottonseed imported into any lightly infested area from the contiguous areas of Mexico in accordance with the provisions in §§ 319.8. 319.8-1 et seq. of this chapter, may be so moved under a certificate which may be issued after such cottonseed has received an alternate treatment within the lightly infested area.

(d) Cottonseed hulls, cake and meal and oil mill waste. Cottonseed hulls, cottonseed cake, cottonseed meal, and oil mill waste produced in a lightly infested area from cottonseed that has been given an approved treatment, may be moved to nonregulated areas and other destinations to which unrestricted movement is not allowed by § 301.52-4 under a certificate which may be issued if these products have been processed in an approved oil mill under the supervision of an inspector, and subsequently protected from contamination.

(e) Okra or kenaf. Okra or kenaf produced in any lightly infested area may be moved without restriction to nonregulated areas and other destinations to which unrestricted movement is not allowed by § 301.52-4, unless it has been determined by an inspector that it is infested, in which case it must meet the requirements of § 301.52-5 (e) before it may be so moved.

Seed cotton pro-(f) Seed cotton. duced in any lightly infested area may be moved from such area without limited permit or certificate, but only to a contiguous regulated area or a contiguous nonregulated area, for ginning at an approved gin.

§ 301.52-7 Limited permits; designation of plants. Limited permits will be issued as authorized in this subpart for the movement of noncertified, restricted articles to such gins, oil mills, warehouses, or processing or manufacturing plants as may be authorized and designated by the Chief of the Bureau for manufacturing, processing, or treatment incidental to preparing such products for certification. As a condition of such authorization and designation, operators of the gins, oil mills, warehouses, or processing or manufacturing plants must agree in writing to handle restricted articles, as to segregation of processed and nonprocessed products, efficient functioning of processing equipment, disposition of waste, use of uncontaminated containers for processed products, and prevention of contamination of processed products, and to maintain the identity of regulated and nonregulated products, in such a manner as to prevent the spread of the pink bollworm; and to maintain such other sanitary safeguards and restrictions against the establishment and spread of infestation as may be required by the inspector.

§ 301.52-8 Articles originating outside the regulated areas. Articles of a kind covered by § 301.52 originating in the United States but outside the regulated areas may be moved from a regulated area under certification without processing, fumigation or other treatment, if, while in the regulated area. these articles have been handled and stored in such a manner as to maintain their identity and prevent infestation or contamination with other regulated articles, except that cottonseed and other cotton products which are not readily identifiable as to origin and are subject to contamination while within the regulated area, in order to move from a regulated area, must meet requirements

<sup>&</sup>lt;sup>1</sup> The Chief of the Bureau will make public a list or map showing the counties in the lightly infested area where approved gins have heat treating equipment for applying the first heat treatment, as well as a list or map showing the counties in the lightly infested area where heat treating equipment or fumigation facilities are available only at approved oil mills or other treating plants.

products originating within the regulated area.

§ 301.52-9 Cleaning or treating requirements for articles when contaminated. Railway cars, boats, and other means of transportation; bagging and other containers or wrappers for cotton: cotton processing machinery farm household goods; farm equipment; farm products; and any other commodities; which are contaminated with live pink bollworms, or with cotton or cotton products originating within a regulated area or imported thereinto from contiguous areas of Mexico may be moved from a regulated area only after they have been freed from such contamination by cleaning or treatment to the satisfaction of an inspector, after which cleaning or treatment no certificate or permit will be required except for bagging; for other containers or wrappers for cotton; and for cotton processing machinery and as hereinafter provided. Cotton harvest-ing machinery or cotton ginning machinery, that has been used or otherwise kept within a regulated area will be deemed contaminated and may be moved to a nonregulated area or to the regulated areas of either Arizona or Louisiana from any other regulated area only if it has been cleaned and given an approved fumigation and is covered by a certificate.

§ 301.52-10 Dealer-carrier permits. As a condition of issuance of certificates or limited permits for the movement of restricted articles, those engaged in processing, ginning, manufacturing, handling, or moving such restricted articles originating or stored in, or imported from contiguous areas of Mexico / mto, regulated areas, shall (a) make application for a dealer-carrier permit to the Bureau of Entomology and Plant Quarantine, Federal Building, San Antonio 6, Texas, and (b) agree to maintain an accurate record of receipts and sales, shipments, or services, when so required by an inspector (which record will be available at all times for examination by an inspector) and (c) agree to carry out any and all conditions, treatments, precautions, and sanitary measures which may be required by the inspector.

§ 301.52-11 Cancellation of certificates and permits. Any certificates, limited permits, or dealer-carrier permits issued under the regulations in this subpart may be withdrawn or cancelled and further certificates or permits refused, whenever, in the judgment of the Chief of the Bureau, the further use of such certificates or permits might result in the dissemination of the pink bollworm.

§ 301.52-12 Authorization of alternate treatment. When in the judgment of the Chief of the Bureau procedures of heat treatment, processing, fumigation or other treatment more effective than those provided in this subpart have been developed, inspectors may allow use of such administratively authorized procedures when the procedures are known

equivalent to those prescribed for similar to be effective under the conditions applied. When methods of treatment or processing as provided in this subpart are found unsatisfactory by the Chief of the Bureau, he is authorized to promulgate administrative instructions alterthem or substituting requirements.

> § 301.52-13 General certification, marking, and labeling provisions. (a) To obtain certificates or limited permits under the regulations in this subpart application shall be made either to the local inspector or to the Bureau of Entomology and Plant Quarantine, Federal Building, San Antonio 6, Texas.2

> (b) Certificates or limited permits required under the regulations in this subpart shall be securely attached to the outside of each container of restricted articles and in the case of restricted articles shipped without containers they shall be securely attached to the articles themselves. However, in the case of restricted articles shipped by carlot or in bulk by freight, the certificates or permits shall be securely attached to the waybills or other shipping papers which accompany the shipment and in the case of movement by road vehicle, such certificates or permits shall accompany the vehicle. When moved, each container of restricted articles, or the restricted article itself when shipped without a container, shall also bear such marking and labeling as may be necessary, in the judgment of the inspector, to identify the material.

> (c) The United States Department of Agriculture shall not be responsible for any costs incident to inspection or treatment, other than the services of inspectors.

> § 301.52-14 Shipments for scientific purposes. Live pink bollworms may be removed from any State, Territory, or the District of Columbia into any other State or Territory or the District of Columbia, and other products or articles subject to the requirements of the regulations in this subpart may be moved, for scientific purposes, on such conditions and under such safeguards as may be prescribed by the Chief of the Bureau. The container of such bollworms or products or articles or if there is no container, the item itself shall bear, securely attached to the outside thereof, an identifying tag from the Bureau of Entomology and Plant Quarantine showing compliance with such conditions.

> One of the foregoing amendments adds to the lightly infested area 1 county and part of another in Arizona, 7 parishes in Louisiana, 7 counties in Oklahoma, and 50 counties in Texas. Another amendment redesignates as heavily infested the Texas counties of Atascosa, De Witt, Frio, Goliad, Gonzales, Jackson, Karnes, Lavaca, Medina, Victoria, and Wilson, heretofore designated as lightly infested; and further redesignates as lightly infested the Texas counties of Culberson, El Paso, and Hudspeth, heretofore designated as heavily infested. The revision of the

regulated areas parallels action already taken by the States of Arizona, Louisiana, Oklahoma, and Texas in their intrastate pink bollworm quarantine regulations. It was understood at the time the States modified their regulations that similar Federal action would follow. The revision of the Federal regulated areas therefore represents formal Federal action to coincide with State action already taken.

Kenaf, a fiber crop recently introduced into the United States, has been found to be a host of the pink bollworm. Accordingly, kenaf has been included among the quarantined plants in the notice of quarantine, and appropriate provisions have been added in the regulations to make kenaf subject to the same restrictions as those applicable to okra. The quarantine and regulations have also been extended to certain other products and articles capable of carrying pink bollworms.

Regulations applicable to the movement of quarantined products have been reorganized so that they may be more readily consulted by interested shippers. In several instances, particularly in the matter of localities where cottonseed that has received a single heat treatment may be given a second treatment, the regulations have been made less restrictive. Greater flexibility in the treating procedures has been provided in still other amendments that authorize alternate treatments that may be adapted to specific conditions as they arise.

In so far as the amendments revise the regulated areas or impose other new or more stringent requirements, they should be made effective as soon as possible in order to be of maximum benefit in preventing the interstate spread of pink bollworms. In so far as the amendments relieve restrictions, they should be made effective as soon as possible in order to be of most benefit to affected persons. For these reasons, it is found upon good cause that notice and other public procedure under section 4 of the Administrative Procedure Act (5 U.S.C. 1003) are impracticable, unnecessary, and contrary to the public interest, and good cause is found for issuing this document effective less than 30 days after its publication in the Federal Register. The amendments relieving restrictions also are within the exception provided in section 4 (c) of said act.

The quarantine and regulations set forth above shall be effective on and after October 6, 1953. The quarantine, regulations, and administrative instructions issued June 8, 1948, as amended effective April 27, 1949, September 20, 1949, January 10, 1950, February 16, 1950, July 19, 1950, May 29, 1951, and April 4, 1952 (7 CFR and Supp. 301.52. 301.52-1 to 301.52-12, inclusive) shall cease to be effective on the effective date of the quarantine and regulations set forth above.

Done at Washington, D. C., this 30th day of September 1953.

TRUE D. MORSE, Acting Secretary of Agriculture.

Chapter VII-Production and Marketing Administration (Agricultural Adjustment), Department of Agriculture

PART 729-PEANUTS

NATIONAL MARKETING QUOTA, NATIONAL ACREAGE ALLOTMENT, AND APPORTION-MENT TO STATES OF NATIONAL ACREAGE ALLOTMENT FOR 1954 CROP

§ 729,501 Basis and purpose, Section 358 (a) of the Agricultural Ad-justment Act of 1938, as amended, provides that between July 1 and December 1 of each calendar year the Secretary of Agriculture shall proclaim a national marketing quota for peanuts for the crop produced in the next succeeding calendar year in terms of the total quantity of peanuts which will make available for marketing a supply of peanuts from the crop with respect to which the quota is proclaimed equal to the average quantity of peanuts harvested for nuts during the immediately preceding five years, adjusted for current trends and prospective demand conditions. Section 358 (a) further provides that the national marketing quota established for the crop produced in the calendar year 1941 shall be a quantity of peanuts sufficient to provide a national acreage allotment of not less than 1,610,000 acres, and that the national marketing quota established for any subsequent year shall be a quantity of peanuts sufficient to provide a national acreage allotment of not less than that established for the crop produced in the calendar year 1941.

(b) Except for the preceding limitation, the national marketing quota would be 647,000 tons and the national acreage allotment would be 1,545,998 acres. In order to obtain the minimum national acreage allotment of 1,610,000 acres, tho national marketing quota must be set at 673,785 tons. Section 358 (a) also provides that the national marketing quota shall be converted to a national acreage allotment by dividing such quota by the normal yield per acre for the United States.

(c) Section 358 (c) of the said act provides that the national acreage allotment, less the acreage to be allotted to new farms under section 358 (f), shall be apportioned among the States on the basis of their share of the national acreage allotment for the most recent year in which such apportionment was made.

(d) Section 729.502 establishes the national marketing quota, the normal yield per acre, and the national acreage allotment for the 1954 crop of peanuts. Section 729.503 apportions the 1954 national acreage allotment among the several peanut-producing States. The determinations in these sections are based on the latest available statistics of the Federal Government.

(e) Public notice of the proposed proclamation and determinations to be made with respect to the 1954 national marketing quota, the national acreage allotment, and apportionment of such allotment among the States was given (18 F R. 3802) in accordance with the Administrative Procedure Act. The proclamation is made after due consideration recommendations submitted in response to such notice.

§ 729.502 Proclamation and determination with respect to national marketing quota, normal yield per acre, and national acreage allotment for peanuts for the crop produced in the calendar year 1954—(a) National marketing quota. The amount of the national marketing quota for peanuts for the crop produced in the calendar year 1954 is 673,785 tons.

(b) Normal yield per acre. The normal yield per acre of peanuts for the United States is 837 pounds.

(c) National acreage allotment. The national acreage allotment for the crop produced in the calendar year 1954 is 1.610,000 acres.

§ 729.503 Apportionment of the national peanut acreage allotment for the crop produced in the calendar year 1954. The national peanut acreage allotment proclaimed in § 729.502 is hereby apportioned as follows:

	1934 State
	acreage
State:	allotment

Chapter XI—Agricultural Conservation Program, Department of Agri-

[1061 (Special Program 53)-1, Supp. 4] PART 1107—FARM LAND RESTORATION

SUBPART-1953

MISCELLANEOUS ALTENDMENTS

Pursuant to the authority vested in the Secretary of Agriculture under sections 7-17 of the Soil Conservation and Domestic Allotment Act, as amended, Public Law 371, 82d Congress, and Pub-

lic Law 207, 83d Congress, the 1953 Farm Land Restoration Program, issued June 6, 1952 (17 F. R. 5306), as amended January 30, 1953 (18 F. R. 711) July 25, 1953 (18 F. R. 4453), and August 18, 1953 (18 F. R. 5030) is further amended as follows:

1. Section 1107.204 Eligible restoration practices is amended by revising the third sentence to read as follows: "Only those practices which are approved for a farm by the county committee on or before December 31, 1953, and which are carried out during the period April 15, 1952, through December 31, 1954, will be eligible for assistance on the farm."

2. Section 1107.206 Prior approval is amended by revising the second sentence to read as follows: "However, for counties designated after January 1, 1953, and for restoration measures necessitated by floods in 1953 in counties designated prior to January 1, 1953, retroactive approval may be given for practices started by October 1, 1953."

tices started by October 1, 1953."

3. Section 1107.241 Time and manner of filing application and information required is amended by changing the date "June 30, 1954" in the third sentence to "June 30, 1955."

4. Section 1107.250 Definitions is amended by revising paragraph (j) to read as follows:

(j) "Program year" means the period April 15, 1952, through December 31, 1954.

5. Section 1107.252 Availability of funds is amended by changing the date "June 30, 1954" in paragraph (b) to "June 30, 1955."

(Sec. 4, 49 Stat. 164; 16 U. S. C. 590d. Interprets or applies secs. 7-17, 49 Stat. 1148, as amended, 66 Stat. 98, Pub. Law 207, 83d Cong.; 16 U. S. C. 590g-590q)

Done at Washington, D. C., this 30th day of September 1953.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

#### TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

PART 141—TESTS AND METHODS OF ASSAY FOR ANTIBIOTIC AND ANTIBIOTIC-CON-TAINING DRUGS

PART 146—CERTIFICATION OF BATCHES OF ANTIBIOTIC AND ANTIBIOTIC-CONTAINING DRUGS

#### MISCELLANEOUS AMENDMENTS

#### Correction

In F. R. Doc. 53-8056, appearing at page 5589 of the issue for Friday, September 18, 1953, make the following changes:

1. In the eleventh line of § 141.67 (a) (1) the reference to "§ 141.161 (a) (1)" should read "§ 141.61 (a) (1)"

2. In the third line of the heading for \$ 146.90, the word "solutions" should read "solution"

PART 141—TESTS AND MOTHODS OF ASSAY FOR ANTIBIOTIC AND ANTIBIOTIC-CON-TAINING DRUGS

PART 146—CERTIFICATION OF BATCHES OF ARTIBIOTIC AND ANTIBIOTIC-CONTAINING DRUGS

#### MISCELLANEOUS AMENDMENTS

#### Correction

In F R. Doc. 53-8957 appearing at page 5590 of the issue for Friday, September 18, 1953, make the following changes:

1. In amendatory paragraph 2, the comma following the word "Chlortetracycline" should be deleted.

2. In the seventh and eighth lines of § 146.39 (c) (2) (ii) the word "practioners" should read "practitioners"

#### TITLE 32—NATIONAL DEFENSE

# Chapter VII—Department of the Air Force

Subchapter J—Procurement Procedures
PART 1001—PROCUREMENT BY FORMAL
ADVERTISING

#### MISCELLANEOUS AMENDMENTS

1. Section 1001.102 is changed to read as fellows:

§ 1001.102 Policy. (a) During the period of the National Emergency declared by the President on December 16, 1950, subject to such instructions as may be issued by the heads of procuring activities, procurement may be effected by formal advertising only when time permits and delivery requirements are not jeopardized by such action, and when such method will not adversely affect the broadening of the industrial base.

(b) The policy of the Department of Defense is to make available to both large and small business, the public, the press, and others having a legitimate interest, information concerning myitations for bids, and results of bidding on military procurement entered into after formal advertising. (See §\$ 1000.314 and 1000.315).

Cross Reference: For section of Armed Services Procurement Regulation which this section implements, see § 401.102 of this title.

2. Paragraph (b) (11) of § 1001.201 is amended as follows:

§ 1001.201 Preparation of forms

(b) Schedule. \* \* \*

(11) Place of delivery. Invitations will state whether bids are invited on the basis of charges paid to destination or f. o. b. carrier's equipment, or wharf, or freight station (at the Government's option) at or near contractor's plant, at a specified city or shipping point, in accordance with policy contained in § 1000.312 of this subchapter. For domestic shipments estimated to involve a minimum carload lot to one destination, invitations will provide that bidders may bid on either or both bases set forth in § 1000.312 (a) (2) of this subchapter, and that bids will be evaluated on the basis of overall cost to the Government.

No. 195----2

- 3. Section 1001.204 is changed to read as follows:
- § 1001.204 Distribution of invitations for bids. (a) One copy of every invitation for bid and one copy of every amendment to an invitation for bids shall be sent on the date issued direct to Procurement Information Center, Office of the Under Secretary, of the Army, Washington 25, D. C., which office is maintained for the public display of invitations for bids issued by both the Army and the Air Force.
- (b) Copies of the invitation will be distributed to those persons or firms on the appropriate bidders' list, maintained as set forth in § 1001.203 (e)
- 4. Section 1001.205 and the heading thereof is changed to read as follows:
- §.1001.205 Synopses of invitations for bids. See § 1000.314 of this subchapter for instructions covering preparation of synopses of proposed procurements.
- 5. In § 1001.206, paragraph (a) (1) the introduction of paragraph (c) and paragraph (f) (3) are amended, and paragraphs (e) (g) (h) and (i) are revised as follows:
- § 1001.206 Publication of invitations for bids in newspapers.
- (a) Authority. (1) Authority to authorize the publication of advertisements, notices, or proposals has been delegated by the Secretary to the:
  - (i) Under Secretary of the Air Force:
  - (ii ) Chief of Staff:
- (iii) Deputy Chief of Staff, Materiel, Headquarters USAF.
- (iv) Commanding General, Air Materiel Command;
  (v) Director, Procurement and Pro-
- duction, Headquarters, Air Materiel Command:
- (vi) Chief, Procurement Division, Office of the Director, Procurement and Production, Headquarters, Air Material Command.

Such delegated authority shall not be redelegated.

- (c) Preparation of advertisements. Except as provided in subparagraph (1) of this paragraph, all advertisements will be solid line, a sample of which, set up in accordance with the usual Government requirements, is shown on Stand-
- \* \* (e) Rates-(1) Not to exceed commercial rates. Advertising may be paid for at a price not to exceed the commercial rates charged to private individuals, with the usual discounts.

ard Form 1143, Advertising Order.

- (2) Not higher than rates charged public. All advertising in newspapers shall be audited and paid at rates not higher than those charged the general public; but lower prices may be obtained when the public interest requires it.
  - (f) Proof of publication.
- (3) Tear sheet. The provisions of this section will not be construed to preclude the attaching of the tear sheet to the Public Voucher for Advertising (Standard Form 1144) in the designated place.
- (g) Form—(1) WD AGO forms. WD AGO Form 192, Request for Authority to Advertise, will be used.

(2) Standard form. The following Standard Forms for Government advertising are hereby prescribed and published for general use (when available) in lieu of all other forms of like character previously used for this purpose:

Standard Form 1143-Advertising Order (Original). Standard Form 1143a—Advertising Order

(Memorandum). Standard Form 1144-Public Voucher for

Advertising (Original). Standard Form 1144a—Public Voucher for Advertising (Memorandum).

- (h) Use of forms—(1) Request for authority to advertise. WD AGO Form 192 will be used in making application for authority to advertise invitations for bids, and will be prepared in triplicate and forwarded through channels to the appropriate official, to whom authority has been delegated by the Secretary to authorize such advertising, as set forth in paragraph (a) of this section.
- (i) The original of the authority to advertise must be filed with the first voucher making payment thereunder. A copy will be filed with the duplicate voucher.
- (ii) Reference to the authority to advertise will be made in the space provided for that purpose on all subsequent advertising orders placed during the period embraced in the authorization.
- (2) Advertising order Standard Form 1143 (Original) and Standard Form 1143a (Memorandum) are the forms used to place advertisements with the publishers. The qualifications set forth in paragraph (c) of this section, with reference to the composition of advertising copy, should be noted in connection with the preparation of this form.
- (3) Public voucher for advertising. (i) Standard Form 1144, Public Voucher for Advertising (Original) and Standard Form 1144a (Memorandum) will be used by publishers to bill their charges against the Department for advertising published in accordance with Standard Form 1143.
- (ii) Standard Form 1144 (Original) is printed on the reverse of Standard Form 1143 (Original) Standard Form 1144a (Memorandum) is printed on the reverse of Standard Form 1143a (Memorandum) Separate instruments will not be used for the ordering of adver--tising and the payment therefor.

(iii) In connection with the use of Standard Form 1144, instructions set forth in paragraph (f) of this section. should be followed.

- (i) Payment of accounts. Upon receipt of Standard Forms 1144 and 1144a, supported by proof of publication, rendered by a publisher, the office placing the advertisement will assemble and attach necessary supporting documents as circumstances dictate, certifying to the second certificate on the original Standard Form 1144, and submit the amount in duplicate to the local finance officer for prompt payment to the publisher.
- 6. Paragraph (c) of § 1001.404 is changed as follows:
- § 1001.404 Mistakes in bids. \* \* \*
- (c) Disclosure of mistakes after award. When an alleged mistake in a bid is disclosed after award has been

made, the case shall be forwarded to the Commanding General, Air Materiel Command, and in the case of oversea commands will be processed in accordance with instructions issued by Commanding General, Air Materiel Command. Those cases requiring final action by the Air Force Contract Adjustment Board in accordance with the provisions of Air Force Contract Adjustment Procedure No. 1, April 23, 1951, will be forwarded by the Commanding General, Air Materiel Command to the Director of Procurement and Pro-Engineering, duction Headquarters USAF for submission to the Board.

7. Paragraph (c) (1) and (2) of § 1001.405 are changed as follows:

§ 1001.405 Awards. \* \* \* (c) Equal bids. (1) In the case of equal low bids, awards will be made in accordance with § 401.406-4 of this title.

(2) Section 401.406-4 of this title authorizes, among other things, a method to be followed in selecting the successful bidder in cases where equal low bids are received from bidders who will perform the contract in one or more of the distressed employment areas. As used in this paragraph "distressed employment areas" are interpreted to mean (i) group IV "Areas of Labor Surplus," appearing in the "Bimonthly Summary of Labor Market Developments in Major Areas," as published by the Department of Labor, and (ii) those areas designated from time to time, in the official "Notifications" issued by the Director, Office of Defense Mobilization to the Department of Defense, pursuant to Defense Manpower Policy No. 4, effective February 7, 1952. A list of the designated areas will be published by the Air Materiel Command,

# PROPOSED RULE MAKING

# DEPARTMENT OF LABOR Wage and Hour Division I 29 CFR Part 701 1

MINIMUM WAGE RATE IN HEAVY PRODUCTS
AND INDUSTRIAL EQUIPMENT DIVISION OF
METAL, PLASTICS MACHINERY INSTRUMENT TRANSPORTATION EQUIPMENT, AND
ALLIED INDUSTRIES IN PUERTO RICO

NOTICE OF PROPOSED DECISION

On December 22 1952, pursuant to section 5 of the Fair Labor Standards Act, as amended thereinafter called the act) the Administrator of the Wage and Hour Division United States Department of Labor by Administrative Order No 424 as amended by Administrative Orders Nos 425 and 426 dated December 30 1952 and January 19 1953 respectively, appointed Special Industry Com-

mittee No 13 for Puerto Rico (hereinafter called the Committee) and directed
the Committee to investigate conditions
in a number of industries specified and
defined in the order, including the heavy
products and industrial equipment division of the metal plastics machinery,
instrument transportation equipment
and allied industries in Puerto Rico
(hereinafter called the heavy products
division), and to recommend minimum
wage rates for employees engaged in
commerce or in the production of goods

for commerce in such industries
For purposes of investigating conditions in and recommending minimum vage rates for the heavy products and industrial equipment division of the metal plastics machinery instrument transportation equipment and allied industries in Puerto Rico the Committee included three disinterested persons rep-

resenting the public a like number representing employers and a like number representing employees in the industry and was composed of residents of Puerto Rico and of the United States outside of Puerto Rico

After investigating economic and competitive conditions in the heavy products and industrial equipment division, as defined in Administrative Order No 424 the Committee filed with the Administrative a report containing the following recommendations: (1) That this division is should be divided into separate and distinct divisions of the metal plastics matinc divisions of the metal plastics matinety instrument transportation the equipment and allied industries, to be in entitled "the dry dock division" the fabricated metal products division," and it the light machine shop products and the small industrial equipment division."

cents an hour in the dry dock division a minimum wage rate of 68 cents an hou in the mining and primary metal and heavy fabricated metal products division, and a minimum wage rate of 58 cents an hour in the light machine shop products and small industrial equipment division should be paid to employees who are engaged in commerce or in the production of goods for commerce

production of goods for commerce
Pursuant to notice published in the
FEDERAL REGISTER on March 31 1953 (18
F. R. 1788–1701) and circulated to all
interested parties a public hearing upon
held before Hearing Examiner Clifford
P Grant as presiding officer on May 5,
1953 in Washington D C at which all
interested parties were given an opportunity to be heard. After the hearing
was closed the record of the hearing was

certified to the Administrator by the presiding officer.

Upon reviewing all of the evidence adduced in this proceeding, and after giving due consideration to the provisions of the act, particularly sections 5 and 8 thereof, I have concluded that the recommendation of the Committee for the division of the heavy products and industrial equipment division into separate and distinct divisions to be known as the dry dock division, the mining and primary metal and heavy fabricated metal products division, and the light machine shop products and small industrial equipment division, of the metal, plastics, machinery, instrument, transportation equipment and allied industries, together with the recommendations of the Committee for a minimum wage rate of 75 cents an hour in the dry dock division, a minimum wage rate of 68 cents an hour in the mining and primary metal and heavy fabricated metal products division, and a minimum wage rate of 58 cents an hour in the light machine shop products and small industrial equipment division, as defined, were made in accordance with law, are supported by the evidence adduced at the hearing, and, taking into consideration the same factors as are required to be considered by the Committee, will carry out the purposes of sections 5 and 8 of the act.

I have set forth my decision in a document entitled "Findings and Opinion of the Administrator in the Matter of the Recommendations of Special Industry Committee No. 13 for Puerto Rico for Minimum Wage Rates in the Heavy Products and Industrial Equipment Division of the Metal, Plastics, Machinery, Instrument, Transportation Equipment and Allied Industries in Puerto Rico" a copy of which may be had upon request addressed to the Wage and Hour Division, United States Department of Labor, Washington 25, D. C.

Accordingly, notice is hereby given pursuant to the Administrative Procedure Act (60 Stat. 237; 5 U. S. C. 1001) and the rules of practice governing this proceeding, that I propose to amend the wage order for the metal, plastics, machinery, instrument, transportation equipment and allied industries in Puerto Rico, which is contained in 29 CFR, 1952 Supp., Part 701, as follows:

- 1. Delete § 701.1 and substitute the following:
- § 701.1 Approval of recommendations of Industry Committee. The Committee's recommendations are hereby approved.
- 2. Delete paragraph (b) from § 701.2 and substitute the following paragraphs:
- (b) Wages at a rate of not less than 75 cents an hour shall be paid under section 6 of the Fair Labor Standards Act, as amended, by every employer to each of his employees in the dry dock division of the metal, plastics, machinery, instrument, transportation equipment and allied industries in Puerto

Rico who is engaged in commerce or in the production of goods for commerce.

(c) Wages at a rate of not less than 63 cents an hour shall be paid under section 6 of the Fair Labor Standards Act, as amended, by every employer to each of his employees in the mining and primary metal and heavy fabricated metal products division of the metal, plastics, machinery, instrument, transportation equipment and allied industries in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

(d) Wages at a rate of not less than 58 cents an hour shall be paid under section 6 of the Fair Labor Standards Act, as amended, by every employer to each of his employees in the light machine shop products and small industrial equipment division of the metal, plastics, machinery, instrument, transportation equipment and allied industries in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

- 3. Delete paragraph (b) (2) of § 701.4 and substitute the following paragraphs:
- (2) Dry dock division. This division consists of the building and repairing (including painting) of ocean-going ships when performed in dry docks or shippards.
- (3) Mining and primary metal and heavy fabricated metal products division. This division consists of the mining or other extraction of metal ore and the further processing of such ore into metal; the production of pigs, ingots, blooms, billets, plates, sheets, strips, rods, bars, tubing and other primary metal products: the fabrication of structural metal products; the manufacture (including repair) of foundry and heavy machine shop products; the manufacture (including repair) of heavy industrial (including construction) agricultural and commercial (except office) machinery and equipment; and the manufacture (including repair) of transportation equip-ment (except ocean-going ships and children's vehicles) and ordnance.
- (4) Light machine shop products and small industrial equipment division. This division consists of the manufacture (including repair) of light machine shop products and small or light industrial, agricultural or commercial (except office) machinery and equipment, such as bolts, nuts, washers, rivets, bushings, small tools and dies, gauge blocks and leaf springs; and galvanizing, coating, electro-plating and plating, except when performed by the manufacturer of a product as an incident to its production.

Within fifteen days from the publication of this notice in the FEDERAL REGISTER, interested parties may submit written exceptions to the proposed actions above described. Exceptions should be addressed to the Administrator of the Wage and Hour Division, United States Department of Labor, Washington 25, D. C. They should be submitted in quadruplicate, and should include supporting reasons for any exceptions.

Signed at Washington, D. C., this 30th day of September 1953.

WM. R. McColle, Administrator Wage and Hour Division.

ORANGES, GRAPEFRUIT AND TANGERINES GROWN IN FLORIDA

EMPENSES AND FIXING OF RATE OF ASSESS-MENT FOR 1953-54 FISCAL PERIOD

Consideration is being given to the following proposals submitted by the Growers Administrative Committee, established under Marketing Agreement No. 84, as amended, and Order No. 33, as amended (7 CFR Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the Agricultural Marketing Agreement Act of 1937, as amended, as the agency to administer the terms and provisions thereof: (1) That the Secretary of Agriculture find that expenses not to exceed \$152,000.00 will be necessarily incurred during the fiscal period August 1, 1953, to July 31, 1954, for the maintenance and functioning of the committee established under the aforesaid amended marketing agreement and order, and (2) that the Secretary of Agriculture fix, as each handler's share of such expenses, the rate of assessment, which each handler shall pay during the aforesaid fiscal period in accordance with the aforesaid amended marketing agreement and order, at \$0.004 per standard packed box of fruit shipped by such handler during such fiscal period.

All persons who desire to submit written data, views, or arguments in connection with the aforesaid proposals shall file the same with the Director, Fruit and Vegetable Branch, Production and Marketing Administration, Room 2077, South Building, United States Department of Agriculture, Washington 25, D. C., not later than the close of business on the 10th day after the publication of this notice in the Federal Register. All documents should be filed in quadruplicate.

As used herein, "handler," "shipped,"
"fruit," "fiscal period," and "standard
packed box" shall have the same meaning as is given to each such term in the
said amended marketing agreement and
order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 692c)

Issued this 1st day of October 1953.

[SEAL] FLOYD F. HEDLUND,
Acting Director, Fruit and Vegetable Branch, Production and
Marketing Administration.

#### FEDERAL COMMUNICATIONS COMMISSION

I 47 CFR Parts 7, 8]

[Docket No. 10710]

STATIONS ON LAND AND SHIPBOARD IN THE MARITIME SERVICE

AVAILABILITY OF FREQUENCIES FOR ASSIGN-MENT TO RADIONAVIGATION (DEVELOP-MENTAL) STATIONS

In the matter of amendment of Parts 7 and 8 of the Commission's rules regarding availability of frequencies for assignment to radionavigation (developmental) stations; Docket No. 10710.

Notice is hereby given of proposed rulemaking in the above-entitled matter.

It is proposed to amend Parts 7 and 8 of the Commission's rules concerning frequencies available for assignment to developmental stations by adding thereto certain frequencies for ship and shore radionavigation (developmental) stations. The additional frequencies would be those now shown to be available under the Commission's Table of Frequency Allocations for radionavigation service. The proposed rule amendments are set forth below.

The proposed amendments are issued pursuant to the authority of section 303 (c) (f) (g) and (r) of the Communications Act of 1934, as amended.

Any interested party who is of the opinion that the proposed amendment should not be adopted, or should not be adopted in the form set forth herein. may file with the Commission on or before October 16, 1953, a written statement or brief setting forth his comments. Replies to such comments may be filed within ten days from the last day for filing the original comments. The Commission will consider all comments and briefs presented before filing final action in the matter.

In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs or comments filed shall be furnished the Commission.

Adopted: September 30, 1953.

Released: October 1, 1953.

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL] WM. P MASSING, Acting Secretary.

1. Amend § 7.503 by addition of paragraph (c) reading as follows:

(c) In addition to the specific frequency bands designated by § 7.402 for shore radionavigation stations, each of the following frequencies or frequency bands may be licensed as an assigned frequency or an authorized frequency band for use by developmental shore radionavigation stations:

Authorized Assıaned frequency band frequency 2900 to 3000 Mc. 3246 to 3266 Mc\_\_ --- 3256 Mc (Racons only). 3266 to 3300 Mc. 5250 to 5440 Mc. 5440 to 5460 Mc\_\_\_\_ 5450 Mc (Racons only). 8500 to 9300 Mc. 9300 to 9320 Mc\_\_\_\_ 9310 Mc (Racons only). 9500 to 9800 Mc.

2. Amend § 8.433 by addition of paragraph (c) reading as follows:

(c) In addition to specific frequency bands designated by § 8.404 for ship radionavigation stations, each of the following frequencies or frequency bands may be licensed as an assigned frequency or an authorized frequency band for use by developmental ship radionavigation stations:

Authorized

9500 to 9800 Mc.

frequency band frequency 2900 to 3000 Mc. 3246 to 3266 Mc\_\_\_\_ 3256 Mc (Racons only). 3266 to 3300 Mc. 5250 to 5440 Mc. 5440 to 5460 Mc\_.. .\_\_ 5450 Mc (Racons only). 8500 to 9300 Mc. 9300 to 9320 Mc\_. \_\_ 9310 Mc (Racons only).

#### [ 47 CFR Part 11 ]

[Docket No. 10709]

INDUSTRIAL RADIO SERVICES

FREQUENCIES AVAILABLE FOR BASE AND MOBILE STATIONS

In the matter of amendment of §§ 11.-252 and 11.302 (c) of Part 11 of the Commission's rules governing the Industrial Radio Services; Docket No. 10709.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. Section 11.302 (c) of the Commission's rules permits the assignment of Power Radio Service frequencies to licensees of petroleum stations under certain conditions. The Commission has been requested by the National Committee for Utilities Radio and the Central Committee on Radio Facilities of the American Petroleum Institute to make a similar provision in the Power Radio Service so that frequencies allocated to the Petroleum Radio Service may be assigned to stations operating in the Power Radio Service in those cases where a licensee engaged in distribution of natural gas directly to consumers has a substantial requirement to communicate with its gas supplier. To this end, the Commission proposes to amend Part 11 of the rules by adding a new paragraph to be designated as § 11.252 (c)

3. A re-examination of § 11.302 (c) indicates that some modification thereof may also be appropriate at this time. It now appears, based on operating experience gained since adoption of this Rule, that licensees engaged soley in the operation of natural gas pipe line systems and therefore eligible only for stations in the Petroleum Radio Service, often have a substantial requirement to communicate with persons operating a connected natural gas distribution system to coordinate the natural gas-supply and distribution activities and in this connection have need for the use of frequencies allocated to the Power Radio Service. Accordingly, it is proposed to amend § 11.302 (c) to provide for the use of Power Radio Service frequencies by stations operating in the Petroleum Radio Service, under the conditions set forth

m this section, in those cases where the licensee of the stations operating in the Petroleum Radio Service may not at the same time be engaged in the operation of a natural gas distribution system.

4. The proposed amendments which are set forth below are issued under the authority of section 4 (i) and 303 of the Communications Act of 1934, as amended.

5. Any interested party who is of the opinion that the proposed amendment should not be adopted or should not be adopted in the form set forth herein may file with the Commission on or before November 9, 1953, a written statement or brief setting forth his comments. Comments in support of the proposed amendment may also be filed on or before the same date. Comments or briefs in reply to the original comments may be filed within 10 days from the last day for filing said original comments or briefs. The Commission will consider all such comments that are submitted before taking action in this matter, and if any comments appear to warrant the holding of a hearing or oral argument, notice of the time and place of such hearing or oral argument will be given.

6. In accordance with the provisions of § 1.784 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall

be furnished the Commission.

Adopted: September 30, 1953.

Released: October 1, 1953.

[SEAL]

FEDERAL COMMUNICATIONS Commission, Wm. P Massing,

Acting Secretary.

1. In § 11.252 redesignate paragraph (c) as paragraph (d) and insert a new paragraph (c) to read as follows:

(c) In addition to the frequencies listed in paragraphs (a) and (b) of this section, a person eligible in the Power Radio Service who is engaged in the distribution of natural gas directly to consumers and who has a substantial requirement for mobile service communication with its gas supplier may be authorized to operate on the Petroleum Radio Service frequency or frequencies assigned to that supplier · Provided, however That such operation shall be limited to communications relating to gas supply and distribution activities. The application of any person seeking a frequency assignment under the provisions of this paragraph shall be accompanied by a written statement from the natural gas supplier which: (1) Concurs in the need for such intercommunication; and (2) consents to the use by the natural gas distributor of the frequency or frequencies involved.

2. Delete the present text of § 11.302 (c) and substitute a new paragraph to read as follows:

(c) (1) In addition to the frequencies listed in paragraphs (a) and (b) of this section, a person eligible in the Petroleum Radio Service who is engaged in the transportation of natural gas by pipe line and who has a substantial requirement for mobile service communication with a public utility company purchasing such gas for distribution to the consumer may be authorized to operate on the Power Radio Service frequency or frequencies assigned to such distributors: Provided, however That such operation shall be limited to communications relating to gas supply and distribution activities.

(2) The application of any person seeking a frequency assignment under the provisions of this paragraph shall be accompanied by a written statement from the natural gas distributor which:
(i) Concurs in the need for such intercommunication; and (ii) consents to the use by the natural gas supplier of the frequency or frequencies involved.

#### [ 47 CFR Part 63 ]

[Docket No. 10708]

EXTENSION OF LINES AND DISCONTINUANCE OF SERVICE BY CARRIERS

NOTICE OF PROPOSED RULE MAKING

In the matter of amendment of Part 63 of the Commission's rules and regulations governing Extension of Lines and Discontinuance of Service by Carriers; Docket No. 10708.

- 1. Notice is hereby given of proposed rule making in the above-entitled matter.
- 2. It is proposed to amend Part 63 of the Commission's rules and regulations governing Extension of Lines and Discontinuance of Service by Carriers by increasing the dollar amounts of projects for which applications may be submitted under § 63.03; by modifying § 63.03 to permit carriers to undertake certain small projects for the supplementation of existing facilities without securing prior Commission authority by modifying § 63.04 (c) to enlarge the scope of the continuing authority granted thereunder to include temporary or emergency service by construction or installation as well as by lease; by amending § 63.05 to conform with the proposed amendments to § 63.03; by amending § 63.52 to require a fewer number of copies of certain applications filed under section 214 of the act; and by deleting § 63.54, thereby eliminating reports of completion of projects and of variations exceeding 10 percent from amounts estimated in applications. The proposed amendments are set forth below.
- 3. These proposed amendments are issued under authority of sections 4 (i) and 214 of the Communications Act of 1934, as amended.
- 4. Any interested party who is of the opinion that the proposed rules should not be adopted in the form set forth herein may file with the Commission on or before November 2, 1953 a written statement or brief setting forth his comments. At the same time, any person who favors the proposed rules as set forth may file a

statement in support thereof. Comments or briefs in reply to the original comments or briefs may be filed on or before November 16, 1953. The Commission will consider all such comments, briefs, and statements presented before taking final action in the matter. If any comments are received which appear to warrant the Commission holding an oral argument before final action is taken, notice of the time and place of such oral argument will be given such interested parties.

5. In accordance with the provisions of § 1.764 of the Commission's rules, an original and fourteen copies of all statements, briefs, or comments filed shall be furnished the Commission.

Adopted: September 30, 1953.

Released: October 1, 1953.

FEDERAL COMMUNICATIONS
COMMISSION.

[SEAL] WIL P MASSING.
Acting Secretary.

- 1. In § 63.03 substitute the following text for the first sentence of the present text, paragraph (a) "Applications for the supplementing of existing facilities, involving an estimated construction cost not exceeding \$100,000 or an annual rental not exceeding \$10,000, may be made by letter to the Commission not less than 15 days prior to the acquisition or commencement of construction of the facilities involved."
- 2. Add a new paragraph (c) to § 63.03 to read as follows:
- (c) Without regard to the other requirements of this part, and by application setting forth the need therefor, any carrier may request continuing authority, subject to termination by the Commission at any time upon ten days' notice to the carrier, to commence small projects for the supplementing of existing facilities involving estimated construction and installation costs not exceeding \$15,000, or to lease and operate telephone or telegraph facilities of other companies where the rental to be paid under each such lease is not more than \$5,000 for the entire term of such lease. or if the term of the lease is for a oneyear period or longer, is not more than \$5,000 on an annual basis: Provided, however That any carrier to which continuing authority has been granted under this paragraph shall, not later than the 30th day following the end of each six month period covered by such authority, file a statement in writing making reference to this paragraph and setting forth, with respect to each project (construction, installation, lease, including any renewal thereof, and operation) which was commenced thereunder, the following information:
- (1) The type of facility constructed, installed, or leased.
  - (2) The route mileage thereof.
- (3) The termini and the points served.
- (4) The cost thereof, including construction, installation or lease.

- (5) Where appropriate, the name of the lessor company, and the dates of commencement and termination of the lease.
- 3. In § 63.04 substitute the following for the present text of paragraph (c)
- (c) Without regard to the other requirements of this part, and by application setting forth the need therefor, any carrier may request continuing authority, subject to termination by the Commission at any time upon ten days' notice to the carrier, to provide temporary or emergency service by the construction or installation of facilities where the estimated construction and installation costs do not exceed \$15,000, or to lease and operate telephone or telegraph facilities of other companies where the rental to be paid under each such lease is not more than \$5,000 for the entire term of such lease, or if the term of the lease is for a one year period or longer, is not more than \$5,000 on an annual basis; Provided, however That any carrier to which continuing authority has been granted under this paragraph shall, not later than the 30th day following the end of each six month period covered by such authority, file with the Commission a statement in writing making reference to this paragraph and setting forth, with respect to each project (construction, installation, lease, including any renewals thereof) which was commenced or, in the case of leases, entered into under such authority, and renewal or renewals thereof which were in continuous effect for a period of more than one week, the following information:
- (1) The type of facility constructed, installed or leased.
  - (2) The route mileage thereof.
- (3) The termini and the points served.(4) The cost thereof, including con-
- (4) The cost thereof, including construction, installation or lease.
- (5) Where appropriate, the name of the lessor company, and the dates of commencement and termination of the lease.
- 4. In § 63.05 substitute the amount of "\$100,000" in each instance where "\$50,000" appears.
- 5. In § 63.52 substitute the following for the present text:
- § 63.52 Comes required. Unless otherwise specified the Commission shall be furnished with an original and nine copies of applications filed under section 214 of the Communications Act; Provided, however That where more than one state is involved, two additional copies shall be furnished for each additional state: Provided further That, where applications involve only the supplementation of existing facilities, and the issuance of a certificate is not requested, an original and four copies of the application shall be furnished.
  - 6. Delete § 63.54 in its entirety.
- [F. R. Doc. 53-8519; Filed, Oct. 5, 1953; 8:51 a. m.]

#### **NOTICES**

#### DEPARTMENT OF THE TREASURY

#### **United States Coast Guard**

[CGFR 53-41]

APPROVAL OF EQUIPMENT

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Order No. 120 dated July 31, 1950 (15 F R. 6521) and in compliance with the authorities cited below with each item of equipment: It is ordered, That:

(a) All the approvals listed in this document which extend approvals previously published in the Federal Register are prescribed and shall be in effect for a period of five years from their respective dates as indicated at the end of each approval, unless sooner canceled or suspended by proper authority and

(b) All the other approvals listed in this document (which are not covered by paragraph (a) above) are prescribed and shall be in effect for a period of five years from date of publication in the FEDERAL REGISTER, unless sooner canceled or suspended by proper authority.

CLEANING PROCESS FOR LIFE PRESERVERS

(WHERE BUOYANCY FILLERS ARE NOT RE-MOVED FROM ENVELOPE COVERS DURING CLEANING PROCESS)

Approval No. 160.006/12/0, Rightway cleaning process for kapok life preservers with permanently installed buoyant inserts as outlined in letter of May 10, 1948, from the Rightway Mattress Co., 475 Long Beach Boulevard, Long Beach, N. Y. (Extension of the approval published in Federal Register August 6, 1948; effective August 6, 1953.)

(R. S. 4405, 4417a, 4426, 4482, 4488, 4491, sec. 11, 35 Stat. 428, 49 Stat. 1544, 54 Stat. 164, 166, 346, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391, 396, 404, 475, 481, 489, 526e, 526p, 1333, 50 U. S. C. App. 1275; 46 CFR 160.006)

#### BUOYANT CUSHIONS, KAPOK, STANDARD

Note: Approved for use on motorboats of Classes A, 1, or 2 not carrying passengers for hire.

Approval No. 160.007/72/0, standard kapok buoyant cushion, U.S. C. G. Specification Subpart 160.007, manufactured by Zatz Upholstering, 811 Atlantic Avenue, Atlantic City, N. J. (Extension of the approval published in Federal Register August 6, 1948; effective August 6, 1953.)

(R. S. 4405, 4401, 54 Stat. 164, 166, as amended; 46 U. S. C. 375, 489, 526e, 526p; 46

#### BUOYANT CUSHIONS-NON-STANDARD

Note: Approved for use on motorboats of Classes A, 1, or 2 not carrying passengers for hire.

Approval No. 160.008/379/1, 15" x 15" x 2" rectangular buoyant cushion, 20 oz. kapok, dwg. No. 6-23-53, manufactured by Atlantic-Pacific Manufacturing Corp., 124 Atlantic Avenue, Brooklyn 2, N. Y. (Supersedes Approval No. 160.008/

379/0 published in the FEDERAL REGISTER August 7, 1953.)

Approval No. 160.008/572/0, 15" x 48" x 2" rectangular buoyant cushion, 64 oz. kapok, dwg. dated June 10, 1953, manufactured by Noble Products Co., Box 327, Caldwell. Ohio.

Approval No. 160.008/573/0, 15" x 15" x 2" rectangular buoyant cushion, 20 oz. kapok, dwg. dated July 30, 1953, manufactured by Seattle Quilt Manufacturing Company, Inc., 310 First Avenue South, Seattle 4, Wash.

Approval No. 160.008/574/0, 13" x 21" x 2" rectangular buoyant cushion, 25 oz. kapok, dwg. No. K-100, manufactured by Karbin Products, 715-17 South Crawford Avenue, Chicago 24, Ill.

Approval No. 160.008/576/0, 15" x 15" x 2" rectangular buoyant cushion, 20 oz. kapok, dwg. No. 21, dated November 10, 1949, manufactured by Melman, Inc., 1901 Northwest Miami Court, Miami 36, FIa., for Phillips Hardware Co., 490 Northwest South River Drive, Miami, FIa.

Approval No. 160.008/577/0, 15" x 20" x 2" rectangular buoyant cushion, 32 oz. kapok, dwg. dated July 20, 1953, manufactured by Noble Products Co., Box 327, Caldwell Ohio

Approval No. 160.008/580/0, 15" x 15" x 2" rectangular buoyant cushion, 20 oz. kapok, dwg. dated July 29, 1953, manufactured by Merit Manufacturing Corp., 92–15 One-hundred and seventy-second Street, Jamaica 3, N. Y.

Approval No. 160.008/581/0, 15" x 15" x 2" rectangular buoyant cushion, 20 oz. kapok, dwg. and specification dated August 12, 1953, manufactured by Chesebro Manufacturing Co., 1009 Marquette Avenue, Minneapolis 2, Minn.

Approval No. 160.008/582/0, 12" x 44" x 2" rectangular buoyant cushion, 48 oz. kapok, dwg. No. NPC-1, dated August 12, 1953, manufactured by Noble Products Co., Box 327, Caldwell, Ohio.

Approval No. 160.008/583/0, 12" x 48" x 2" rectangular buoyant cushion, 52 oz. kapok, dwg. No. NPC-2, dated August 12, 1953, manufactured by Noble Products Co.. Box 327. Caldwell. Ohio.

Approval No. 160.008/584/0, 12" x 54" x 2" rectangular buoyant cushion, 58 oz. kapok, dwg. No. NPC-3, dated July 10, 1953. manufactured by Noble Products Co. Box 327. Caldwell. Ohio.

Approval No. 160.008/585/0, 15" x 45" x 2" rectangular buoyant cushion, 60 oz. kapok, dwg. No. NPC-4, dated August 12, 1953, manufactured by Noble Products Co., Box 327, Caldwell, Ohio.

(R. S. 4405, 4491, 54 Stat. 164, 166, as amended; 46 U. S. C. 375, 489, 526e, 526p; 46 CFR 160.008)

#### WINCHES, LIFEBOAT

Approval No. 160.015/65/0, Type G W size 40 lifeboat winch, approval is limited to mechanical components only and for a maximum working load of 6,000 pounds pull at the drums (3,000 pounds per fall) identified by general arrangement dwg. No. 1500–1 dated December 31, 1952, and revised March 31, 1953, manufactured

by C. C. Galbraith & Son, Inc., 99 Park Place, New York, N. Y.

#### NOZZLES, WATER SPRAY (FIXED TYPE)

Approval No. 160.025/12/0, Sprayoo Model 6610CW Fire-Fog 1½-inch fixed type water spray nozzle, dwg. No. MN-5749 dated May 22, 1953, manufactured by Spray Engineering Co., 114 Central Street, Somerville 45, Mass.

(R. S. 4405, 4417a, 4426, 4491, 49 Stat. 1544, 54 Stat. 1028, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391a, 464, 489, 463a, 50 U. S. C. App. 1275; 46 OFR 34.10-40, 76.10-10, 95.10-10)

#### DAVITS, LIFEBOAT

Approyal No. 160.032/63/1, mechanical davit, straight boom sheath screw, typo B-45, approved for maximum working load of 9,000 pounds per set (4,500 pounds per arm) using 5- or 6-part falls, identified by general arrangement dwg. No. 1996 dated May 28, 1941, and revised May 22, 1953, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Forth Amboy, N. J. (Reinstates and supersedes Approval No. 160.032/63/0 terminated in the Federal Register October 1, 1952.)

Approval No. 160.032/138/0, mechanical davit, crescent sheath screw, type C-63-P approved for maximum working load of 12,500 pounds per set (6,250 pounds per arm) using 2- or 3-part falls, identified by arrangement dwg. No. 3451 dated December 6, 1952, and revised June 15, 1953, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, N. J.

Approval No. 160.032/140/0, mechanical davit, straight boom sheath screw, type 22-25F approved for a maximum working load of 7,000 pounds per set (3,500 pounds per arm) using six part falls, identified by general arrangement dwg. No. 5010-1D, Alt. B, dated May 19, 1953, manufactured by Marine Safety Equipment Corp., Point Pleasant, N. J.

c

(R. S. 4405, 4417a, 4426, 4481, 4488, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391a, 404, 474, 481, 489, 1333, 50 U. S. C. 1275; 46 CFR 160.032)

### MECHANICAL DISENGAGING APPARATUS, LIFEBOAT

Approval No. 160.033/23/1, Mills Type size "A" releasing gear, approved for maximum working load of 12,000 pounds per set (6,000 pounds per hook) identified by general arrangement dwg. No. 1862-A dated May 25, 1953, revised July 29, 1953, for use on all vessels operating on waters other than ocean and coastwise; or for vessels of 3,000 gross tons and under operating in ocean and coastwise service, manufactured by Welin Davit and Boat Division of Continental Copper and Steel Industries, Inc., Perth Amboy, N. J. (Reinstates and supersedes Approval No. 160.033/23/0 terminated in the FEDERAL REGISTER October 1, 1952.)

Approval No. 160.033/24/1, Mills Type size "B" releasing gear, approved for maximum working load of 23,400 pounds per set (11,700 pounds per hook) identified by general arrangement dwg. No. 1862-B dated May 25, 1953, revised July 30, 1953, for use on all vessels operating on waters other than ocean and coastwise, or for vessels of 3,000 gross tons and under operating in ocean and coastwise service, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, N. J. (Reinstates and supersedes Approval No. 160.033/24/0 terminated in the FEDERAL REGISTER October 1, 1952.)

Approval No. 160.033/25/1, Mills Type size "C" releasing gear, approved for maximum working load of 35,800 pounds per set (17,900 pounds per hook) identified by general arrangement dwg. No. 1862—C dated May 25, 1953, revised July 30, 1953, for use on all vessels operating on waters other than ocean and coastwise, or for vessels of 3,000 gross tons and under operating in ocean and coastwise service, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, N. J. (Reinstates and supersedes Approval No. 160.033/25/0 terminated in the Federal Register October 1, 1952.)

(R. S. 4405, 4417a, 4426, 4488, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391a, 404, 481, 489, 1333, 50 U. S. C. App. 1275; 46 CFR 160.033)

#### LIFEBOATS

Approval No. 160.035/103/1, 24.0' x 8.0' x 3.5' steel, oar-propelled lifeboat, 40-person capacity, identified by general arrangement and construction dwg. No. 49R-2428 dated January 6, 1950, and revised July 27, 1953, manufactured by Lane Lifeboat & Davit Corp., 8920 Twenty-sixth Avenue, Brooklyn 14, N. Y. (Reinstates and supersedes Approval No. 160.035/103/0 terminated in the Federal Recister October 1, 1952.)

Approval No. 160.035/168/1, 14.0' x 5.0' x 2.17' steel, oar-propelled lifeboat, 9-person capacity, identified by construction and arrangement dwg. No. 3158 dated March 25, 1947, and revised August

5, 1953, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, N. J. (Reinstates and supersedes Approval No. 160.035/168/0 terminated in the Federal Register November 22, 1952.)

Approval No. 160.035/273/0, 24.0' x 7.75' x 3.58' aluminum, motor-propelled lifeboat without radio cabin (Class B) 30-person capacity, identified by construction and arrangement dwg. No. 3345 dated October 8, 1950, and revised June 30, 1953, manufactured by Wellin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, N. J.

Approval No. 160.035/304/0, 24.0' x 7.75 x 3.33' Steel, Motor-propelled lifeboat without radio cabin (Class B) 34-person capacity, identified by construction and arrangement dwg. No. 24-10F dated October 22, 1952, and revised August 7, 1953, manufactured by Marine Safety Equipment Corp., Point Pleasant,

Approval No. 160.035/309/0, 24.0' x 7.75' x 3.33' steel hand-propelled lifeboat, 37-person capacity, identified by construction and arrangement dwg. No. 24-10G, dated February 24, 1953, and revised July 9, 1953, manufactured by Marine Safety Equipment Corp., Point Pleasant, N. J.

(R. S. 4405, 4417a, 4426, 4491, 4488, 4491, 4492, sec. 11, 35 Stat. 428, 49 Stat. 1544, 54 Stat. 346, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391a, 398, 404, 474, 481, 489, 490, 1333, 50 U. S. C. App. 1275; 46 CFR 160.035)

#### SIGNALS, DISTRESS, HAND-HELD ROCKET-PROPELLED PARACHUTE RED FLARE

Approval No. 160.036/2/0, Kilgore Model K-500 hand-held rocket-propelled parachute red flare distress signal, general arrangement dwg. No. GK-500, Rev. 1 dated August 4, 1953, parts list dwg. No. B/M 173 dated March 26, 1953, manufactured by Kilgore, Inc., International Flare Signal Division, Westerville, Ohio.

(R. S. 4405, 4417a, 4488, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 375, 391a, 481, 489, 1333, 50 U. S. C. 1275; 46 CFR 160.036)

#### PUMPS, BILGE, LIFEBOAT

Approval No. 160.044/12/0, size No. 1 lifeboat bilge pump, identified by general arrangement dwg. No. 3465 dated June 12, 1953, submitted by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Ferth Amboy, N. J.

(R. S. 4405, 4417a, 4488, 4491, cecs. 1, 2, 49 Stat. 1544, 54 Stat. 346, eec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391a, 481, 489, 1333, 50 U. S. C. App. 1275; 46 CFR 160.044)

#### TELEPHONE SYSTEMS, SOUND POWERED

Approval No. 161.005/3/1, sound powered telephone station assembly, selective ringing, common talking, 8 and 17 stations maximum, waterproof, dwg. No. 70–526, Alt. 1, manufactured by Henschel Corp., Amesbury, Mass. (Extension of the approval published in Federal Register August 6, 1948; effective August 6, 1953.)

Approval No. 161.005/4/1, sound powered telephone station relay, for operation with hand generator, non-locking, slashproof, dwg. No. 60–162, Alt. 3, manufactured by Henschel Corp., Amesbury, Mass. (Extension of the approval published in Fideral Register August 6, 1948; effective August 6, 1953.)

Approval No. 161.005/5/1, sound powered telephone station relay, for operation with hand generator, manual release, splashproof, dwg. No. 60–164, Alt. 3, manufactured by Henschel Corp. Amesbury, Mass. (Extension of the approval published in Federal Register August 6, 1948; effective August 6, 1953.)

Approval No. 161.005/29/1, sound powered telephone station bell, vibrating, 3" 6" and 8" sizes, watertight, dwg. No. 20–162–2, Alt. 2 dated April 9, 1952, types 3B, 6B, 8B, 3P, 6P, 8P 3BH, 6BH, and 8BH, manufactured by Henschel Corp., Amesbury, Mass. (Reinstates and supersedes Approval No. 161.005/29/0 terminated in the Federal Register October 1, 1952.)

Approval No. 161.005/36/1, sound powered telephone handset, type 333, dwg. No. A-257, Alt. 5, manufactured by United States Instrument Corp., 409 Broad Street, Summit, N. J. (Extension of the approval published in Federal Register August 28, 1948; effective August 28, 1953.)

(R. S. 4405, 4417a, 4418, 4426, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, an amended. 46 U. S. C. 367, 375, 391a, 392, 404, 489, 1333, 50 U. S. C. 1275; 46 CFR 113.30-25 (a))

#### VALVES, SAFETY (POWER EOILERS)

Approval No. 162.001/91/1, Series No. 200 steel body pop safety valve, enclosed spring, expanded outlet, maximum pressure 600 p. s. i., maximum temperature 450° F., dwg. No. P-20119-B, approved for sizes 1½" 2" 2½", 3" and 4" manufactured by Marine & Industrial Products Co., 3731-35 Filbert Street, Philadelphia 4, Pa. (Supersedes Approval No. 162.001/91/0 published in the Federal Register August 28, 1948.)

Approval No. 162.001/92/1, Series No. 200-E steel body pop safety valve, exposed spring, expanded outlet, maximum pressure 600 p. s. i., maximum temperature 750° F., dwg. No. P-20120-B, approved for sizes 1½", 2" 2½" 3" and 4" manufactured by Marine & Industrial Products Co., 3731-35 Filhert Street, Philadelphia 4, Pa. (Supersedes Approval No. 162.001/92/0 Published in the Federal Register August 28, 1948.)

Approval No. 162.001/9½/1, Series No. 210 steel body pop safety valve, enclosed spring, standard outlet, maximum pressure 600 p. s. i., maximum temperature 450° F., dwg. No. P-20119-B, approved for sizes 1½" 2" 2½" 3" and 4" manufactured by Marine & Industrial Products Co., 3731-35 Filbert Street, Philadelphia 4, Pa. (Supersedes Approval No. 162.001/94/0 published in the Federal Register August 28, 1948.)

Approval No. 162.001/95/1, Series No. 210-E steel body pop safety valve, exposed spring, standard outlet, maximum pressure 600 p. s. i., maximum temperature 750° F., dwg. No. P-20120-B, approved for sizes 1½" 2" 2½" 3" and 4", manufactured by Marine & Industrial

No. 195----3

6362 **NOTICES** 

Products Co., 3731-35 Filbert Street, Philadelphia 4, Pa. (Supersedes Approval No. 162.001/95/0 published in the FEDERAL REGISTER August 28, 1948.)

Approval No. 162.001/189/1, Model ODP-M pop safety valve, enclosed spring, bronze body, maximum pressure 300 p. s. i., maximum temperature 406° F., dwg. No. B-1505-S-1 dated July 25, 1946, approved for sizes 1½" 2", 2½" and 3", manufactured by J. E. Lonergan Co., 211-217 Race Street, Philadelphia 6, Pa. (Supersedes Approval No. 162.001/189/0 published in the FEDERAL REGISTER Feb. 18, 1953.)

(R. S. 4405, 4417a, 4418, 4426, 4433, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391a, 392, 404, 411, 489, 1333, 50 U. S. C. App. 1275; 46 CFR 162.001)

#### BOILERS, HEATING

Approval No. 162.003/150/0, Model IDL-30, horizontal fire-tube hot water heating boiler, 2,479,000 B. T. U. per hour, dwg. No. 38-53D-376-3, Revision 3 dated August 3, 1953, maximum design pressure 30 p. s. 1., approval limited to bare boiler, manufactured by The International Boiler Works Co., 1 Birch Street, East Stroudsburg, Pa.

(R. S. 4405, 4417a, 4418, 4426, 4433, 4434, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5, 55 Stat. 244, 245, as amended; 46 U.S.C. 367, 375, 391a, 392, 404, 411, 412, 489, 1333, 50 U. S. C. App. 1275; 46 CFR Part 52)

#### FIRE EXTINGUISHERS, PORTABLE, HAND, CARBON-DIOXIDE TYPE

Approval No. 162.005/56/0, Ace (Symbol GA) Lever Type Model AC-15, 15-lb. carbon-dioxide type hand portable fire extinguisher, assembly dwg. dated September 8, 1950, nameplate dwg. No. GA-99-08A revised July 8, 1953 (Coast Guard Classification: Type B, size II, and Type C. Size II) manufactured for Ace Chemical Co., 627 Howard Street, Detroit 26, Mich., by General Air Products Corp., 5345 North Kedzie Avenue, Chicago 25,

Approval No. 162.005/57/0. Ace (Symbol GA) Lever Type Model AC-10, 10-lb. carbon-dioxide type hand portable fire extinguisher, assembly dwg. dated September 8, 1950, nameplate dwg. No. GA-99-08A revised July 8, 1953 (Coast Guard Classification; Type B, Size I, and Type C. Size I) manufactured for Ace Chemical Co., 627 Howard Street, Detroit 26. Mich., by General Air Products Corp., 5345 North Kedzie Avenue, Chicago 25,

Approval No. 162.005/58/0, Ace (Symbol GA) Swivel Type Model ACC-5, 5-lb. carbon-dioxide type hand portable fire extinguisher, assembly dwg. dated September 8, 1950, nameplate dwg. No. GA-99-07A revised July 8, 1953 (Coast Guard Classification: Type B, Size I, and Type C, Size I) manufactured for Ace Chemical Co., 627 Howard Street, Detroit 26, Mich., by General Air Products Corp., 5345 North Kedzie Avenue, Chicago 25,

Approval No. 162.005/59/0, Blaze-Master (Symbol GA) Lever Type Model BM-15, 15-lb. carbon-dioxide type hand portable fire extinguisher, assembly dwg. dated September 8, 1950, nameplate dwg. No. GA-99-08A revised July 8, 1953

(Coast Guard Classification: Type B, Size II, and Type C, Size II) manufactured for Blaze-Master, Inc., 254 West Thirty-first Street, New York 1, N. Y., by General Air Products Corp., 5345 North Kedzie Avenue, Chicago 25, Ill.

Approval No. 162.005/60/0, Blaze-Master (Symbol GA) Swivel Type Model BM-5, 5-lb. carbon-dioxide type hand portable fire extinguisher, assembly dwg. dated September 8, 1950, nameplate dwg. No. GA-99-07A revised July 8, 1953 (Coast Guard Classification: Type B, Size I, and Type C, Size I) manufactured for Blaze-Master, Inc., 254 West Thirty-first Street, New York 1, N. Y., by General Air Products Corp., 5345 North Kedzie Avenue, Chicago 25, Ill.

Approval No. 162.005/61/0, Fire Chief (Symbol GA) Lever Type Model HG-15. 15-lb. carbon-dioxide type hand portable fire extinguisher, assembly dwg. dated September 8, 1950, nameplate dwg. No. GA-99-08A revised July 8, 1953 (Coast Guard Classification: Type B, Size II, and Type C, Size II) manufactured for Midwest Fire & Safety Equipment Co., Inc., 647 Virginia Avenue, Indianapolis 3, Ind., by General Air Products Corp., 5345 North Kedzie Avenue, Chicago 25,

Approval No. 162.005/62/0, Fire Chief (Symbol GA) Lever Type Model HG-10. 10-lb. carbon-dioxide type hand portable fire extinguisher, assembly dwg. dated September 8, 1950, nameplate dwg. No. GA-99-08A revised July 8, 1953 (Coast Guard Classification: Type B, Size I, and Type C, Size I) manufactured for Midwest Fire & Safety Equipment Co., Inc., 647 Virginia Avenue, Indianapolis 3, Ind., by General Air Products Corp., 5345 North Kedzie Avenue, Chicago 25, Ill.

Approval No. 162.005/63/0, Fire-Chief (Symbol GA) Swivel Type Model HG-5, 5-lb. carbon-dioxide type hand portable fire extinguisher, assembly dwg. dated September 8, 1950, nameplate dwg. No. GA-99-07A revised July 8, 1953 (Coast Guard Classification: Type B, Size I, and Type C, Size I) manufactured for Midwest Fire & Safety Equipment Co.. Inc., 647 Virginia Avenue, Indianapolis 3, Ind., by General Air Products Corp., 5345 North Kedzie Avenue, Chicago 25. 111.

Approval No. 162.005/64/0. (Symbol GA) Lever Type Model CDO-15, 15-lb. carbon-dioxide type hand portable fire extinguisher, assembly dwg, dated September 8, 1950, nameplate dwg. No. GA-99-08A revised July 8, 1953 (Coast Guard Classification: Type B, Size II, and Type C, Size II) manufactured for The Safety Fire Extinguisher Co., 293 Seventh Avenue, New York 1, N. Y., by General Air Products Corp., 5345 North Kedzie Avenue, Chicago 25, Ill.

Approval No. 162.005/65/0, (Symbol GA) Swivel Type Model CDO-5, 5-lb. carbon-dioxide type hand portable fire extinguisher, assembly dwg. dated September 8, 1950, nameplate dwg. No. GA-99-07A revised July 8, 1953, (Coast Guard Classification: Type B, Size I; and Type C, Size I) manufactured for The Safety Fire Extinguisher Co., 293 Seventh Avenue, New York 1, N. Y., by General Air Products Corp., 5345 North Kedzie Avenue, Chicago 25, Ill.

Approval No. 162.005/66/0, S. O. S. Defender (Symbol GA) Lever Type Model C-15, 15-lb, carbon-dioxide type hand portable fire extinguisher, assembly dwg. dated September 8, 1950, nameplate dwg. No. GA-99-08A revised July 8, 1953 (Coast Guard Classification: Type B, Size II, and Type C, Size II), manufactured for Schwartz Bros., Inc., 827 Arch Street, Philadelphia 7, Pa., by General Air Products Corp., 5345 North Kedzie Avenue, Chicago 25, Ill.

Approval No. 162.005/67/0, S. O. S. Defender (Symbol GA) Lever Type Model C-10, 10-lb. carbon-dioxide type hand portable fire extinguisher, assembly dwg, dated September 8, 1950, nameplate dwg. No. GA-99-08A revised July 8, 1953 (Coast Guard Classification: Type B, Size I, and Type C, Size I), manufactured for Schwartz Bros., Inc., 827 Arch Street, Philadelphia 7, Pa., by General Air Products Corp., 5345 North Kedzle Avenue, Chicago 25, Ill.

Approval No. 162.005/68/0, S. O. S. Defender (Symbol GA) Swivel Type Model C-5, 5-lb. carbon-dioxide type hand portable fire extinguisher, assembly dwg. dated September 8, 1950, nameplate dwg. No. GA-99-07A revised July 8, 1953 (Coast Guard Classification: Type B, Size I, and Type C, Size I) manufactured for Schwartz Bros., Inc., 827 Arch Street, Philadelphia 7, Pa., by General Air Products Corp., 5345 North Kedzie Avenue, Chicago 25, Ill.

Approval No. 162.005/69/0, Allstate (Symbol GA) Lever Type No. 6502, 15-lb. carbon-dioxide type hand portable fire extinguisher, assembly dwg. dated September 8, 1950, nameplate dwg. No. GA-99-08A revised July 8, 1953 (Coast Guard Classification: Type B, Size II, and Type C, Size II) manufactured for Sears, Roebuck and Co., Chicago 7, Ill., by General Air Products Corp., 5345 North Kedzie Avenue, Chicago 25, Ill.

Approval No. 162.005/70/0, Allstate (Symbol GA) Swivel Type No. 6501, 5-lb. carbon-dioxide type hand portable fire extinguisher, assembly dwg. dated September 8, 1950, nameplate dwg. No. GA-99-07A revised July 8, 1953 (Coast Guard Classification: Type B, Size I; and Type C, Size I) manufactured for Sears, Roebuck and Co., Chicago 7, Ill., by General Air Products Corp., 5345 North Kedzie Avenue, Chicago 25, Ill.

Approval No. 162.005/71/0, Stop-Fire (Symbol GA) Lever Type Model CD-15, 15-lb. carbon-dioxide type hand portable fire extinguisher, assembly dwg. dated September 8, 1950, nameplate dwg. No. GA-99-08A revised July 8, 1953 (Coast Guard Classification: Type B, Size II; and Type C, Size II), manufactured for Stop-Fire, Inc., 125 Ashland Place, Brooklyn 1, N. Y., by General Air Products Corp., 5345 North Kedzie Avenue, Chicago 25, Ill.

Approval No. 162.005/72/0, Stop-Fire (Symbol GA) Lever Type Model CD-10, 10-lb. carbon-dioxide type hand portable fire extinguisher, assembly dwg. dated September 8, 1950, nameplate dwg. No. GA-99-08A revised July 8, 1953 (Coast Guard Classification: Type B, Size I; and Type C, Size I), manufactured for Stop-Fire, Inc., 125 Ashland Place, Brooklyn 1, N. Y., by General Air Products Corp.,

5345 North Kedzie Avenue, Chicago 25, III.

Approval No. 162.005/73/0, Stop-Fire (Symbol GA) Swivel Type Model CD-5, 5-lb. carbon-dioxide type hand portable fire extinguisher, assembly dwg. dated September 8, 1950, nameplate dwg. No. GA-99-07A revised July 8, 1953 (Coast Guard Classification: Type B, Size I, and Type C, Size I) manufactured for Stop-Fire, Inc., 125 Ashland Place, Brooklyn 1, N. Y., by General Air Products Corp., 5345 North Kedzie Avenue, Chicago 25, III.

(R. S. 4405, 4417a, 4426, 4479, 4491, 4492, 49 Stat. 1544, 54 Stat. 165, 166, 346, 1028, and sec. 5, 55 Stat. 244, 245, as amended; 46 U.-S. C. 367, 375, 391a, 404, 463a, 472, 490, 526g, 526p, 1333, 50 U. S. C. App. 1275; 46 CFR 25.30, 34.25-1, 76.50, 95.50)

### FIRE EXTINGUISHERS, PORTABLE, HAND, CHEMICAL FOAM TYPE

Approval No. 162.006/29/0, Stop-Fire Foam 2½ gallon chemical foam type hand portable fire extinguisher, assembly dwg. Nos. FM52-0-51 dated December 26, 1951, and FM52-01-51 dated December 26, 1951, nameplate dwg. No. FM51-30-51 dated August 5, 1951 (Coast Guard Classification: Type A, Size II; and Type B, Size II) manufactured by Stop-Fire, Inc., 125 Ashland Place, Brooklyn 1, N. Y. (R. S. 4405, 4417a, 4426, 4479, 4491, 4492, 49 Stat. 1544, 54 Stat. 165, 166, 346, 1028, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 404, 463a, 472, 489, 490, 526g, 526p, 1333, 50 U. S. C. App. 1275; 46 CFR 25.30, 34.25-1, 76.50, 95.50)

# FIRE EXTINGUISHERS, PORTABLE, HAND, SODA-ACID TYPE

Approval No. 162.007/43/0, Fyr-Fyter Soda-Acid type, Model No. 17-12, 2½ gallon hand portable fire extinguisher, assembly dwg. No. 17-12 dated February 28, 1951, nameplate dwg. No. 4706 dated June 16, 1951 (Coast Guard Classification: Type A, Size II) manufactured by The Fyr-Fyter Co., Dayton 1, Ohio.

Approval No. 162.007/44/0, Buffalo Better-Built Soda-Acid Model No. 17-13, 2½ gallon hand portable fire extinguisher, assembly dwg. No. 17-13 dated February 28, 1951, nameplate dwg. No. 4707 dated June 16, 1951 (Coast Guard Classification: Type A, Size II) manufactured by Buffalo Fire Appliance Corp., Dayton 1, Ohio.

(R. S. 4405, 4417a, 4426, 4479, 4491, 4492, 49 Stat. 1544, 54 Stat. 165, 166, 346, 1028, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391a, 404, 463a, 472, 489, 490, 526g, 526p, 1333, 50 U. S. C. App. 1275; 46 CFR 25.30, 34.25-1, 76.50, 95.50)

# FIRE EXTINGUISHERS, PORTABLE, HAND, WATER, CARTRIDGE-OPERATED TYPE

Approval No. 162.009/9/0, Stop-Fire Water cartridge-operated type 2½ gallon hand portable fire extinguisher, assembly dwg. Nos. WC50-0-49 dated May 9, 1950, and WC50-01-49 dated March 9, 1950, nameplate dwg. No. WC50-30-50 dated April 1, 1951 (Coast Guard Classification: Type A, Size II) manufactured by Stop-Fire, Inc., 125 Ashland Place, Brooklyn 1, N. Y.

(R. S. 4405, 4417a, 4426, 4479, 4491, 4492, 49 Stat. 1544, 54 Stat. 165, 166, 346, 1028, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 375, 391a, 404, 463a, 472, 489, 490, 526g.

# GAUGING DEVICE, LIQUID LEVEL, LIQUEFIED COMPRESSED GAS

Approval No. 162.019/4/0, RegO No. 2148RD liquefied petroleum gas silp tube liquid level gauge, dwg. No. 2148 RD, revision A, dated September 5, 1950, manufactured by The Bastlan-Blessing Co., 4201 West Peterson Avenue, Chicago 30, Ill.

Approval No. 162.019/5/0, RegO No. 2148 RD liquefied petroleum gas slip tube tube liquid level gauge, dwg. No. 2148 RPD, revision A, dated September 5, 1950, manufactured by The Bastian-Blessing Co., 4201 West Peterson Avenue, Chicago 30, Ill.

(R. S. 4405, 4417a, 4491, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. O. 375, 391a, 489, 50 U. S. C. 1275, 46 CFR Part 38)

#### DECK COVERING

Approval No. 164.006/36/0, "Kempoflex" magnesite terrazzo type dell' covering identical to that described in National Bureau of Standards Test Report No. TP 367-88; F. R. 1978, dated July 1, 1942, and modified in accordance with letter from Kompolite Co., Inc., dated May 28, 1948, approved for use without other insulating material as meeting Class A-60 requirements in a 134 inch thickness, manufactured by Kompolite Co., Inc., 11-25 44th Road, Long Island City 1, N. Y. (Extension of the approval published in Federal Register Aug. 6, 1948; effective Aug. 6, 1953.)

(R. S. 4405, 4417a, 4426, 49 Stat. 1324, 1544, 54 Stat. 346, 1028, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 369, 375, 391a, 404, 463a, 1333, 50 U. S. C. App. 1275; 48 CFR 164.000)

#### INCOMBUSTIBLE MATERIALS

Approval No. 164.009/17/0, "Knipplite" plaster type incombustible material identical to that described in National Bureau of Standards Test Report No. TG3610-1522: FP2631 dated June 25, 1948, manufactured by Knipp & Co., Inc., 3401 South Hanover Street, Baltimore 25, Md. (Extension of the approval published in Federal Register Aug. 6, 1948; effective Aug. 6, 1953.)

(R. S. 4405, 4417a, 4426, 49 Stat. 1384, 1544, 54 Stat. 1028, sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 369, 375, 391a, 404, 463a, 50 U. S. C. App. 1275; 46 CFR 164.009)

Dated: September 29, 1953.

[SEAL] MERLIN O'NEILL, Vice Admiral, U. S. Coast Guard, Commandant.

# TERMINATIONS OF APPROVALS OF EQUIPMENT

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Order No. 120, dated July 31, 1950 (15 F. R. 6521) and in compliance with the authorities cited below, the following approvals of equipment are terminated because (1) the manufacturer is no longer in business; or (2) the manufacturer does not desire to retain the approval: or (3) the item is no longer being manufactured; or (4) the item of equipment no longer complies with present Coast Guard requirements; or (5) the approval has expired. Except for those approvals which have expired, all other terminations of approvals made by this document shall be made effective upon the thirtyfirst day after the date of publication of this document in the FEDERAL REGISTER. Notwithstanding this termination of approval of any item of equipment as listed in this document, such equipment in service may be continued in use so long as such equipment is in good and serviceable condition.

#### CLEANING PROCESS FOR LIFE PRESERVERS

Termination of Approval No. 160.006/ o 13/0, Magaril cleaning process for kapok 0364 NOTICES

life preservers with permanently installed buoyant inserts as outlined in letter of May 27, 1948 from Magaril, Inc., Bordentown, N. J. (Approved Federal Register August 6, 1948. Termination of approval effective August 6, 1953.)

(R. S. 4405, 4417a, 4426, 4482, 4488, 4491, sec. 11, 35 Stat. 428, 49 Stat. 1544. 54 Stat. 164, 166, 346, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391, 396, 404, 475, 481, 489, 526e, 526p, 1333, 50 U. S. C. App. 1275; 46 CFR 160.006)

#### BUOYANT CUSHIONS, KAPOK, STANDARD

Termination of Approval No. 160.007/73/0, Standard kapok buoyant cushion, U. S. C. G. Specification Subpart 160.007, manufactured by the Leather Specialty Co., 10 Devereux Street, Utica 2, N. Y. (Approved Federal Register August 6, 1948. Termination of approval effective August 6, 1953.)

Termination of Approval No. 160.007/80/0, Standard kapok buoyant cushion, U. S. C. G. Specification Subpart 160.007, manufactured by J and C Specialties, Sheboygan, Wis. (Approved Federal Register May 17, 1949.)

(R. S. 4405, 4491, 54 Stat. 164, 166, as amended; 46 U. S. C. 375, 489, 526e, 526p; 46 CFR 160.007)

#### BUOYANT CUSHIONS-NON-STANDARD

Termination of Approval No. 160.008/382/0, 15" x 15" x 2" rectangular buoyant cushion, 20 oz. kapok, dwg. No. 12—31-47, manufactured by Atlantic-Pacific Mfg. Corp., 124 Atlantic Avenue, Brooklyn 2, N. Y. (Approved Federal Register August 7, 1953.)

Termination of Approval No. 160.008/408/0, 15" x 15" x 2" rectangular buoyant cushion, 20 oz. kapok, dwg. No. 4-4-49, manufactured by Atlantic-Pacific Manufacturing Corp., 124 Atlantic Avenue, Brooklyn 2, N. Y. (Approved Federal Register April 30, 1949.)

(R. S. 4405, 4491, 54 Stat. 164, 166, as amended; 46 U. S. C. 375, 489, 526e, 526p; 46 CFR 160.008)

#### BUOYANT APPARATUS

Termination of Approval No. 160.010/-15/0, buoyant apparatus, solid balsa wood, 20-person capacity, dwg. No. MDC-CG-38, dated June 7, 1948, rev. June 25, 1948, manufactured by Modecraft Co., Inc., 300 Wyckoff Avenue, Brooklyn 27, N. Y. (Approved Federal Register August 6, 1948. Termination of approval effective August 6, 1953.)

(R. S. 4405, 4417a, 4426, 4488, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391a, 404, 489, 1333, 50 U. S. C. App. 1275; 46 CFR 160.010)

#### WINCHES, LIFEBOAT

Termination of Approval No. 160.015/-46/0, Type WH-10, Size 6 lifeboat winch for use with mechanical davits; fitted with wire rope not greater than ½ inch in diameter and with not more than 6 wraps of the falls on the drums, approved for maximum working load of 6,000 pounds at the drums (3,000 pounds per fall) identified by general arrangement dwg. No. 1113-D-3 dated January 20, 1948, submitted by The Landley Co., Inc., 15 Park Row, New York 7, N. Y. (Approved Federal Register August 6, 1948.

Termination of approval effective August 6, 1953.)

(R. S. 4405, 4417a, 4426, 4488, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391a, 404, 431, 489, 1333, 50 U. S. C. App. 1275; 46 CFR 160.015)

#### LIFEBOATS

Termination of Approval No. 160.035/220/0, 26.0′ x 9.0′ x 3.83′ aluminum, motor-propelled lifeboat without radio cabin, 46-person capacity, identified by construction and arrangement dwg. No. 3208 dated April 10, 1948, submitted by Welin Davit and Boat Division of Continental Copper & Steel Industrics, Inc., Perth Amboy, N. J. (Approved Federal Register August 6, 1948. Termination of approval effective August 6, 1953.)

(R. S. 4405, 4417a, 4426, 4481, 4488, 4491, 4492, sec. 11, 35 Stat. 428, 49 Stat. 1544, 54 Stat. 346, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391a, 396, 404, 474, 481, 489, 490, 1333, 50 U. S. C. App. 1275; 46 CFR 160.035)

#### VALVES, SAFETY (POWER BOILERS)

Termination of Approval No. 162.001/93/0, Series #200-E-S steel body pop safety valve, exposed spring, expanded outlet, 150 and 300 p. s. 1. pressure ratings, 450° maximum temperature, dwg. No. R-30035, approved for size 3", manufactured by Marine & Industrial Products Co., 3731-35 Filbert Street, Philadelphia 4, Pa. (Approved Federal Register August 28, 1948. Termination of approval effective August 28, 1953.)

(R. S. 4405, 4417a, 4418, 4426, 4433, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391a, 392, 404, 411, 489, 1333, 50 U. S. C. App. 1275; 46 CFR 162.001)

#### BOILERS, HEATING

Termination of Approval No. 162.-003/69/0, National Heat Extractor, Series 100, sectional cast iron heating boiler, manufactured by The National Radiator Co., 221 Central Avenue, Johnstown, Pa. (Approved Federal Register August 28, 1948. Termination of approval effective August 28, 1953.)

Termination of Approval No. 162.003/70/0, National Heat Extractor, Series 200, sectional cast iron heating boiler, manufactured by The National Radiator Co., 221 Central Avenue, Johnstown, Pa. (Approved Federal Register August 28, 1948. Termination of approval effective August 28, 1953.)

Termination of Approval No. 162.003/71/0, National Heat Extractor, Series 300, sectional cast iron heating boiler, manufactured by The National Radiator Co., 221 Central Avenue, Johnstown, Pa. (Approved Federal Register August 28, 1948. Termination of approval effective August 28, 1953.)

Termination of Approval No. 162.003/72/0, National Heat Extractor, Series 400, sectional cast iron heating boiler, manufactured by The National Radiator Co., 221 Central Avenue, Johnstown, Fa. (Approved Federal Register August 28, 1948. Termination of approval effective August 28, 1953.)

Termination of Approval No. 162.003/73/0, National Heat Extractor, Series 500, sectional cast iron heating boiler, manufactured by The National Radiator

Co., 221 Central Avenue, Johnstown, Pa. (Approved Federal Register August 28, 1948. Termination of approval effective August 28, 1953.)

(R. S. 4405, 4417a, 4418, 4426, 4433, 4434, 4401, 49 Stat. 1544, 54 Stat. 346, and sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391a, 392, 404, 411, 412, 489, 1333, 50 U. S. C. App. 1275; 46 CFR Part 52)

# APPLIANCES, LIQUEFIED PETROLEUM GAS CONSUMING

Termination of Approval No. 162.-020/4/0, Magic Chef gas range, Model No. 1000-14, using liquefied petroleum gas, tested and approved by the American Gas Association, Certificate of Approval No. 11-22-4.801 issued January 5, 1948, manufactured by the American Stove Co., 4931 Daggett Avenue, St. Louis 10, Mo. (Approved Federal Register August 6, 1948. Termination of approval effective August 6, 1953.)

#### [Order 29-53]

DESIGNATION OF ORGANIZATIONS IN CON-NECTION WITH FEDERAL EMPLOYEE SE-CURITY PROGRAM

Notice of proposed designation under Executive Order No. 10450 was forwarded by registered mail to each of the organizations listed below and was returned unclaimed. Therefore, in accordance with § 41.1 (b) of the rules of procedure with respect to notice, hearing, and designation of organizations in connection with the Federal employee security program (18 F R. 2619; 28 CFR 41.1-41.11) notice was given in the Federal Register of July 21, 1953 (18 F R.

4240) that failure to file a notice of contest within thirty days from July 21, 1953 would be deemed as acquiescence in such proposed designation. The following organizations have failed to file such notice of contest and therefore are designated pursuant to Executive Order No. 10450:

American Committee for the Settlement of Jews in Birobidjan, Inc.

Bulgarian American People's League of the

United States of America.

Committee for Peace and Brotherhood Festival in Philadelphia.

Committee for the Protection of the Bill

of Rights. Committee to Uphold the Bill of Rights. Frederick Douglass Educational Center. Harlem Trade Union Council.

Joint Council of Progressive Italian-Americans. Inc.

Labor Council for Negro Rights.

Maritime Labor Committee to Defend Al

National Labor Conference for Peace. Peace Information Center. People's Drama, Inc.

Philadelphia Labor Committee for Negro

Provisional Committee of Citizens for Peace, Southwest Area.

Puertorriquenos Unidos (Puerto Ricans United).

Quad City Committee for Peace. Santa Barbara Peace Forum. Tri-State Negro Trade Union Council. Union of New York Veterans. Voice of Freedom Committee. Yugoslav-American Cooperative Home, Inc.

> HERBERT BROWNELL, Jr., Attorney General.

#### DEPARTMENT OF COMMERCE

#### Office of International Trade

[Case No. 163]

CHARLES Y. ROFE

ORDER REVOKING LICENSES AND DENYING LICENSE PRIVILEGES

In the matter of Charles Y. Rofe, 138-30 Sixty-fourth Avenue, Flushing, Long Island, New York; respondent.

The Director of the Investigation Staff, Office of International Trade, having charged Charles Y. Rofe, the respondent herein, with having violated the Export Control Act of 1949, as amended, and certain regulations promulgated thereunder, and the charging letter having been duly served on the respondent, the said respondent appeared personally herein and admitted the charges, requesting an oral hearing before the Compliance Commissioner for the purpose of showing mitigating circumstances and giving his explanations of the manner in which he came to commit the acts charged; and

The Compliance Commissioner having convened a hearing in Washington, D. C., on the 27th day of July 1953, at which were present counsel for the Director, Investigation Staff, and the respondent in person; and the respondent having been fully advised at that hearing by the Compliance Commissioner of his right to be represented thereat by an attorney at law and also of the nature of said hearing, stated his willingness and desire to proceed without an attorney and that he was so proceeding and made his admissions freely and willingly, the Compliance Commissioner proceeded to hear the evidence in support of the charges and the statements and explanations of the respondent in answer thereto; and

The Compliance Commissioner having thereafter made his report and recommendations herein and said report and recommendations, together with the transcript of the hearing and all the exhibits submitted thereat as well as an exhibit submitted by the respondent subsequent thereto having been transmitted to the undersigned Assistant Director

for Export Supply and
The undersigned Assistant Director for Export Supply having carefully considered the evidence and the whole record and the report and recommendations of the Compliance Commissioner, hereby approves the same in all respects and makes the following findings of fact:

(1) Charles Y. Rofe, at all times heremafter mentioned, was engaged in the export business as an employee of an export firm in the City of New York.

(2) On the 13th day of November 1951, following receipt of an inquiry from a firm in France concerning propylene glycoi, a chemical then believed by him to be in short supply, he offered on behalf of his firm to purchase 60,000 pounds thereof from a supplier in the United States, and, in due course, said offer was accepted.

(3) On or about the 17th day of December 1951, with the knowledge that an ultimate consignee statement was necessary to support an application for

license to export the said chemical and with the intention of preparing such ultimate consignee statement thereon, Rose made arrangements with a printer in New York City to reproduce stationery or letterhead substantially identical to the stationery or letterhead of the aforementioned French firm.

(4) Upon obtaining the said stationery, so reproduced. Rofe prepared and typed or caused to be typed thereon a statement addressed to the Office of International Trade entitled "End Use Statement" and set forth therein that the French firm was the ultimate consignee and purchaser of 58,500 pounds of propylene glycol and that the end use was "for consumption by French Industry." He subscribed thereto a signature intended by him to resemble the signature found on correspondence theretofore received by him from the French

(5) He then caused to be prepared for the purpose of submission to the Office of International Trade an application in the name of his employer for a license to export to the French firm 58,500 pounds of propylene glycol and in the said application he caused to be stated and represented that the French firm was the ultimate consignee and purchaser and that his own firm had an accepted order from the French firm for the stated quantity and commodity.

(6) Thereafter, on the 26th day of December 1951, he caused this application for export license, together with the statement entitled "End Use Statement," to be submitted to the Office of International Trade, with the intention that if an export license were granted thereon he would attempt to sell the licensed commodity to the firm mentioned therein, or failing that, to another firm in France after obtaining an amendment or modification.

(7) The said ultimate consignee statement was a forgery and false in all respects and Rofe's firm did not have an accepted order for 58,500 pounds of propylene gycol from the French firm nor was that firm a consignee or purchaser thereof.

(8) The false representations and statements became known to the Office of International Trade prior to completion of action on the application and the license was not granted.

From which it is concluded that the respondent did knowingly make and cause to be made false representations and certifications to the Office of International Trade in violation of 15 CFR 381.1 (b) and 384.2 (a) 15 F. R. 2730, 2735.

In making his recommendation the Compliance Commissioner, while recognizing the gravity of the violation found, has given consideration to the cooperation of the respondent, his awareness of wrongdoing, his penitence and his need for employment in the export-import business and, by reason thereof, has recommended that only validated export license privileges be denied to him under the conditions hereinafter set forth; and the recommendation being found by the undersigned to be fair, reasonable, and 6366 NOTICES

necessary to achieve effective enforcement of the law

It is hereby ordered:

(1) All outstanding validated export licenses held by or issued in the name of Charles Y. Rofe are hereby revoked and shall be returned forthwith to the Office of International Trade for cancellation.

(2) Charles Y. Rofe is hereby denied and declared ineligible to exercise the privileges of participating directly or indirectly in any manner or capacity in any exportation from the United States of any commodity requiring a validated export license. Without limitation of the generality of the foregoing denial of validated export license privileges, participation in an exportation shall be and is deemed to include and prohibit respondent's participation (a) as a party or as a representative of a party to any validated export license application, (b) in the obtaining or using of any validated export license or other export control document related thereto, (c) in the receiving in any foreign country for his own account or for the account of another of any exportation made from the United States pursuant to a validated export license, and (d) in the financing, forwarding, transporting, or other servicing of exportations from the United States pursuant to a validated export license.

(3) This denial of validated export license privileges shall extend not only to Charles Y. Rofe, but also to any person, firm, corporation, or other business organization with which he may be now or hereafter related by ownership, control, or position of responsibility in the conduct of trade involving exports from the United States or services connected

therewith.

(4) This order shall be effective for the term of two (2) years following the date hereof: Provided, however (a) That if, upon the expiration of one (1) year thereof, Charles Y. Rofe submits an affidavit to the Director, Investigation Staff, Office of International Trade, that he has fully and fairly complied with all the terms hereof during said year, and has not knowingly violated any provision of the Export Control Act of 1949, as amended, or any regulation issued thereunder, and no facts have been brought to the attention of the Office of International Trade demonstrating the contrary, then and in that event, upon the filing of such affidavit, all export privileges shall be restored to him and the remaining portion of the original two-year period of suspension hereinabove ordered shall be held in abeyance during the period of the second year following the date hereof conditioned on his continuing to comply in all respects with all requirements of the law and the regulations issued thereunder (b) but if, during the said second year following the date hereof, the said Charles Y. Rofe shall knowingly violate said law or any regulation issued thereunder, the portion of the suspension so held in abevance hereunder shall become effective forthwith upon a finding of such violation and be and continue to be effective for one (1) year following the date of the making of such finding in addition to and without prejudice to any other re-

medial action deemed to be necessary and proper by reason of such violation.

(5) No person, firm, corporation, or other business organization shall knowingly apply for, obtain, or use any validated license, shipper's export declaration, bill of lading, or other export control document relating to any exportation from the United States under a validated export license, or otherwise, or finance, service, transport, forward, or receive any commodities thereunder, to or for the named respondent, or any person, firm, corporation, or other business organization within the scope of paragraph (3) above, without prior disclosure of such facts to, and specific authorization from, the Office of International Trade.

Dated: October 1, 1953.

John C. Borton,
Assistant Director
for Export Supply.

Shoe Industry Learner Regulations (20 CFR 522.250 to 522.260, as amended March 17, 1952; 17 F R. 1500)

Martinsburg Shoe Co., Inc., 107 Highland Street, Martinsburg, Pa., effective 10-1-53 to 9-30-54; 10 percent of the factory production workers.

The following special learner certificates were issued to the school-operated industries listed below.

Plainview Academy, Redfield, S. Dak., effective 9-1-53 to 8-31-54; broom shop-

broom makers and related skilled and semiskilled occupations; 8 learners; 150 hours at 60 cents per hour, 125 hours at 65 cents per hour, 125 hours at 70 cents per hour.

Each certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be cancelled in the manner provided in the regulations and as indicated in the certificates. Any person aggreeved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER, pursuant to the provisions of Part 522.

Signed at Washington, D. C., this 28th day of September 1953.

> MILTON BROOKE, Authorized Representative of the Administrator.

#### FEDERAL COMMUNICATIONS COMMISSION

STATEMENTS OF ORGANIZATION, DELEGA-TIONS OF AUTHORITY AND PUBLIC IN-FORMATION

APPLICATIONS WHERE TOTAL EXPENDITURE INVOLVED IS LESS THAN \$500,000

In the matter of amendment of section 0.142 (h) of Part 0-of the Commission's

rules and regulations. At a session of the Federal Communications Commission held at its offices in

Washington, D. C., on the 30th day of September 1953;

The Commission, having under consideration the numerous applications or requests filed with it by domestic telephone and telegraph carriers for certificates and authorizations under section 214 of the Communications Act of 1934, as amended, to construct, acquire operate or extend lines; for authorizations of temporary or emergency service, or for the supplementing of existing facilities; the provisions of section 0.142 (h) of the Commission's rules and regulations pursuant to which authority is delegated to the Secretary upon securing the approval of the Bureaus of Law, Engineering and Accounting to act upon such applications where the total expenditure involved is less than \$250,000; and its orders of March 3, March 30, and September 6, 1950, delegating authority to the Chief, Common Carrier Bureau or his nominee to act upon the matters set forth in the aforementioned section 0.142 (h)

It appearing, that it would expedite the handling of the Commission's business and be in the public interest to increase the limit within which the Chief, Common Carrier Bureau is now delegated authority to act upon the above applications, from \$250,000 to \$500,000;

It further appearing, that notice of proposed rule making and public rule making procedure may be omitted in ac-

cordance with section 4 (a) of the Administrative Procedure Act as being unnecessary since the amendment of the rule herein relates to internal Commission organization and procedure and is not substantive in nature;

It further appearing, that authority for the amendment herein ordered is contained in sections 4 (i) and 5 (d) (1) of the Communications Act of 1934, as amended;

It is ordered, That, effective immediately, section 0.142 (h) is amended to provide as follows:

(h) Applications or requests under section 214 of the Communications Act for a certificate authorizing the construction, acquisition, operation or extension of lines, or for an authorization of temporary or emergency service, or the supplementing of existing facilities, where the total expenditure involved is less than \$500,000; all applications or requests for modification of a certificate or authorization issued under section 214 of the Communications Act where such amendment or modification involves a total expenditure of less than \$500,000; and applications and requests for authority to discontinue, reduce or impair telephone service filed pursuant to the provisions of §§ 63.63, 63.65 and 63.66 of the rules and regulations.

Released: October 1, 1953.

FEDERAL COMMUNICATIONS COMMISSION,

#### INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 28512]

Vermiculite From Travelers Rest, S. C., TO ELLWOOD CITY, PA.

APPLICATION FOR RELIEF

OCTOBER 1, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-shorthaul provision of section  $\overline{4}$  (1) of the Interstate Commerce Act.

Filed by R. E. Boyle, Jr., Agent, for carriers parties to schedule listed below. Commodities involved: Vermiculite, carloads.

From: Travelers Rest. S. C.

To: Ellwood City, Pa.

Grounds for relief: Competition with rail carriers, circuitous routes, to maintain grouping.

Schedules filed containing proposed rates; C. A. Spaninger, Agent, tariff I.

C. C. No. 1346, supp. 23.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission,

in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the ex-piration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

GEORGE W LAIRD,

Acting Secretary.

[P. R. Doc. 53-8505; Filed, Oct. 5, 1953; 8:47 a. m.]

[4th Sec. Application 28513]

CLASS AND COMMODITY RATES FROM THE WEST TO AUGUSTA, GA.

APPLICATION FOR RELIEF

OCTOBER 1, 1953.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-shorthaul provision of section 4 (1) of the Interstate Commerce Act.

Filed by R. E. Boyle, Jr., Agent, for the Pledmont and Northern Railway Company and the Georgia & Florida Railroad (Alfred W Jones, Receiver) and other carriers.

Commodities involved: Class and commodity rates.

From: Western trunk-line and intermountain territories.

To: Augusta, Ga.

Grounds for relief: Competition with rail carriers, circuitous routes, to maintain grouping.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.
